PART I.

JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 4th August 1892.

No. 50, DATED BANGALORE, 4TH AUGUST 1892

ORDER.—The Bill proposed to be introduced for the establishment of Village Courts will be published with the Statement of Objects and Reasons in three successive issues of the Mysore Gazette for public information and criticism.

2. The Officers and Gentlemen named in the margin are specially requested to favor the Government with their opinions before 1st November 1892.

1. Judges of the Chief Court.
2. All Deputy Commissioners.
3. All District Judges.
4. Colonel Grant, Superintendent of Revenue Survey.
5. Mr. Ricketts, Acting Excise Commissioner.
6. Mr. V. P. Madhava Rao, Inspector General of Police.
7. Mr. V. N. Narasimmiengar, Census Superintendent.
8. Mr. R. Vijayindra Rao, on Special duty.
9. Mr. D. Venkatramaiya, Advocate.
10. Mr. Narayana Rao, Advocate.
11. Mr. Nanjundappa, Advocate.

3. The Bill may at first sight appear to be needlessly long and above the capacity of Patels to understand, but the rules which they will practically be required to know are few and may be condensed into a short manual.

By Order,
C. MEENACSHAIYA,
Legislative Secretary.

To—The different Gentlemen named in the margin of para 2.

MYSORE VILLAGE COURTS' REGULATION, 1892.

STATEMENT OF OBJECTS AND REASONS.

1. The object of the Bill is given in the preamble.

2. Heads of Villages can safely be empowered to dispose of petty cases and the system of leaving such cases to their disposal is working well in the Madras Presidency.

3. The jurisdiction of Village Munsiffs in Madras is not exclusive, but only concurrent with that of the District Munsiffs, but considering the litigious spirit that is now pervading the country, it is deemed desirable to make the jurisdiction in Mysore exclusive.

4. The Bill is on the model of Madras Act I of 1889 with slight alterations to suit the circumstances of the Province.

5. The great safeguard provided against any injustice is that parties are at liberty to demand the formation of a bench of three Judges for the disposal of their cases.

6. Under the Madras Act, Section 43, it is not necessary for a Village Court to take down depositions of witnesses in writing. In the corresponding Section 41, it is provided that although it is not necessary to take down depositions in writing, in full, the Village Munsiff shall make a memo of the substance of what each witness deposes. Without some such record of the evidence taken in a case, it is impossible for the District Judge or Sub-Judge, before whom an application for revision may be preferred under Section 71, to form an opinion as to the justness or otherwise of the decision passed by, or the legality or otherwise of the proceedings held before a Village Court. For the same reason it is provided in Section 44, (a provision which is not to be found in the Madras Act) that a dissenting member of the Village Court shall be entitled to record his dissent in writing if he is so disposed.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 18th August 1892.

7. The number of suits relating to personal property of the value of Rs. 10 and less instituted in the Mysore Province during the last five years is given below:—

Years.	No. of Suits instituted.	
	Original Suits.	Small Cause Suits.
1887	257	1,802
1888	300	1,582
1889	267	1,448
1890	250	1,542
1891	218	1,689

READ :—

Report on the working of the Indian Company's Act X of 1866 in Mysore for the year 1891-92.

No. 2762—J. F. 63-92, DATED BANGALORE, 19TH AUGUST 1892.

ORDER THEREON.—Inclusive of the two companies which were amalgamated with other companies in 1889-90 but which by mistake were shown separately in the returns of 1890-91 as independent companies, there were at the end of the latter year 112 companies with a nominal capital of Rs. 51,02,382. Of these, 14 were, during the year, brought under liquidation, either voluntarily or under orders of Courts, and 28 ceased to work, though not formally wound up. Six companies were however newly registered. The number of working companies on the register at the end of the year was therefore 74 with nominal and paid up capital of Rs. 40,47,687 and 24,42,649 as against 112 companies with nominal and paid up capital of Rs. 51,02,382 and 22,63,540, respectively in the previous year.

2. Of the 74 companies, 65 were banking or loan companies, 3 banking or insurance companies and 6 trading companies.

3. Besides these, there were 155 other companies with a nominal capital of Rs. 4,72,070, which were either in course of liquidation or otherwise not working, and including them, the total number on the register was 229 with a nominal capital of Rs. 88,19,757 as against 225 and Rs. 84,74,657, respectively at the end of the previous year.

4. Of the 74 companies in working order, 22 or nearly 30 per cent of the total number are located in Mysore, 12 in Bangalore and 11 in Chikballapur. The rest are scattered.

5. The working companies are reported to have been punctual in the submission of their returns and no prosecutions were instituted against any of them.

6. The receipts of the Department fell from Rs. 1,006—14—0 in the previous years to Rs. 930—12—0.

Chief Secretary.

To—The Registrar of Companies in Mysore.

No. 2945-52—J. F. 33-92, DATED BANGALORE, 20TH AUGUST 1892.

ORDER.—With reference to the half-yearly return of persons surrendered under the Extradition Act, submitted to this Office, requests that in col. 3 under the Head of Nationality, information may invariably be given as to whether the person surrendered is a Mysore or a British subject.

2. Similar information should be furnished by return of post by the Deputy Commissioners of Bangalore, Shimoga, Kolar, Tumkur and Chitaldroog Districts with respect to persons shown in the last half-yearly return.

T. ANANDA ROW,
Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 25th August 1892.

READ :—

Letter No. 393—48, dated 12th August 1892, from the Inspector General of Police in Mysore.

I have the honor to submit herewith for orders of the Dewan a Memorandum containing proposals for training candidates in Bangalore for the Subordinate Police Service.

2. The points on which the orders of Government are solicited are :—

I. Starting a class for teaching Drill and the Codes to recruits.

II. Ruling that half of the appointments to the grades of Jamedars and Inspectors should be from men that have obtained a certificate from the Inspector General regarding their having passed in Drill and in the Codes.

III. Entertaining an additional Jamedar on pay Rs. 20+8 with a local allowance of Rs. 5 to assist the Inspector in charge of the Police School.

3. I shall deem it a favor if you could obtain early orders on this reference.

MEMORANDUM.

The Inspector General of Police in his recent tour of inspection has had his attention drawn to the fact that the existing arrangements for recruiting the upper ranks of the Subordinate Police Service are far from satisfactory. In the majority of cases men promoted from the ranks, and who have not received any training in Criminal Law and Drill, and who are unable to handle a gun properly, occupy the responsible posts of Jamedar and Inspector. Some of them are even unable to read and write well and have to depend upon Dafedars and Constables, to get Mahazars drawn up and Special diaries written. While other professions require apprenticeship and training the Police Branch of Public Service has come to be looked upon as one that requires no special training or qualification in the candidates; any person that has failed to obtain employment in other Departments or walks of life thinks he can make a good Policeman. This want of trained men has had a prejudicial effect upon the discipline of the Force and detection of crime.

2. To raise the tone of the service generally and to secure better results as regards prevention and detection of crime, it is necessary that the Taluk Police Officers are men well conversant with Drill and shooting and able to command a small body of men. They should also be well versed in Police Law and Procedure, and able to conduct an investigation in an intelligent manner. It is too much to expect that men promoted from the lowest ranks will be possessed of these requisites when they rise by seniority or occasional display of detective ability to the posts of Jamedar and Inspector.

3. To remedy this state of things, it is proposed to open a class in connection with the Police School in Bangalore for training candidates for the Subordinate Police Service. The arrangements proposed are as follows :—

4. Applications from candidates desirous of admission into the Police School should reach the Inspector General on or before the 19th September 1892, accompanied by reference as to character.

5. Applicants should be of good physique and at least 5' 6" in height. Age to be not less than 18 and not over 26 years. Preference will be given to sons and relations of officers in Government employ and of persons residing in the Province.

6. Applicants should present themselves before the Inspector General of Police on the 22nd September 1892. They will be required to pass an examination (of the Middle School Standard) in Reading and Dictation in Kanarese, Arithmetic and Kanarese Composition. The candidates thus selected by the Inspector General, when passed fit by the Senior Surgeon, will be admitted into class which will be opened in Bangalore on the 3rd October 1892.

7. Students will be taught for 6 months in the following subjects :—

The Penal Code.
Criminal Procedure Code.
Evidence Act.
Police Rules and Circulars.

Drilling and Shooting and the Practical work of a Station House Officer.

8. On the 1st April 1893 the students will be examined by a Board of Examiners to be appointed by the Inspector General, and those that secure ⅓rd in each subject and ½ the total marks will be declared to have passed and certificates will be granted to them accordingly under the signature of the Inspector General.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 25th August 1892.

9. Such of the candidates as have already passed the Criminal Branch of the Mysore Local Service Examination will be exempted from passing an examination in the Codes but they will be required to undergo a course of instruction in Drill and practical training in Police work and to pass an examination in them.

10. For the present nominations for half the vacancies in the grades of Inspector and Jamedar throughout the Province will be made by the Inspector General from the list of passed candidates above referred to. The remaining half of the vacancies will go to the men already in the Force who on grounds of efficiency, meritorious service or for other special reasons may be recommended for promotion.

11. In making appointments as above, preference will be given to those that have passed the University Examinations or the Criminal Tests of the Mysore Local Service.

12. The above rule will not prevent the Inspector General from appointing any qualified person *not coming within the two categories above referred to*, to the grade of Inspector on special grounds.

13. The class will be held in the hall immediately behind the Fort Police Station. The services of the Teaching Staff at Head-quarters will be utilized. But an extra Jamedar will be necessary on a pay of Rs. 20+8 with a local allowance of Rs. 5. The Jamedar will instruct the Constables and Dafedars in the Head-quarter Police School and the School Inspector will be in charge of the new class to be opened and will also supervise the teaching in the Head-quarter Police School. The contingencies of the new class will amount to Rs. 5 per month. Altogether the extra cost to Government will be Rs. 38 per month and this will be money well laid out as it will be the means of ensuring a supply of well trained men ready to hand for filling the upper Subordinate posts in the Police Service.

14. The dates for examination for future years will be announced in due course.

No. 3146-7—J. F. 53-92, DATED BANGALORE, 25TH AUGUST 1892.

ORDER THEREON.—Government generally approve of the Inspector General's proposals and consider that instead of the rule contained in para 10 of the Memorandum it may be laid down that promotions to the grades of Inspectors and Jamedars will in future be granted only to such as have qualified themselves as previously indicated except in the case of such as distinguish themselves in the Police Service and are of a certain standing in the Police Department. The limit may be fixed at three years to begin with and gradually increased in course of time. This will render the rule contained in para 12 unnecessary. With these modifications the proposed rules may be adopted. The extra cost of Rs. 38 per mensem as per details given in the Inspector General's Memo and noted in the margin, is sanctioned. The Inspector General will report results in his Annual report.

An extra Jamedar to be attached to the Head-quarter Police School at Bangalore on Rs. 20+8 plus a local allowance of Rs. 5	...	or 33
Contingencies	...	5
	Total.....	38

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 7th August 1892.

READ :—

Letter No. 29 of the 6th July 1892, from the Secretary, Mysore State Life Insurance Committee, submitting a copy of the proceedings of the second quarterly meeting of the Committee and requesting sanction to Resolution No. 7 to the effect that the meeting of the Committee shall in future be held once every month, on the first Monday after the last Saturday.

No. 1961—R. F. 30-92, DATED, BANGALORE, 7TH AUGUST 1892.

ORDER THEREON.—The Government direct the addition of the words "and oftener if necessary" after the words "once in every quarter" in Rule 1 of the Subsidiary Rules sanctioned by Proceedings No. 13032—1427, dated the 15th February 1892. This will suit the purpose in view better than the Committee's proposal.

READ THE FOLLOWING :—

Letter No. D. 293, dated the 20th June 1892, from the Deputy Commissioner, Bangalore District, to the Chief Secretary to the Dewan of Mysore.

Kengeri. Bidadi.

With reference to your docket No. 9436—382, dated 19th November 1890, in regard to my taking over charge of the Anche buildings, as per margin, I have the honor to state that, as therein ordered, the said buildings were duly taken possession of by the Revenue Department. In June 1891, the Amildar of the Bangalore Taluk reported that the building at Kengeri was in a dilapidated condition and the then Deputy Commissioner Mr. Syed Nasiruddin ordered its sale by public auction. Accordingly it was sold for Rs. 170—0—0 on 28th September 1891. I am in doubt whether a Deputy Commissioner has authority to dispose of land or house except under the powers conferred on him by the Revenue Code or the Rules. I seek the orders of Government on the subject and request that, if it is deemed necessary, the sale ordered by Mr. Nasiruddin may be formally approved.

2. The Amildar's report No. 317, dated 28th ultimo, together with its enclosures are herewith forwarded for reference and obliging return.

No. 1962-69—R. F. 94-92, DATED, BANGALORE, 7TH AUGUST 1892.

ORDER THEREON.—Mr. Syed Nasiruddin should have obtained the orders of Government before selling the house in question. The sale will, however, now be confirmed. Similar cases should be submitted for the orders of Government.

Letter No. 2181, dated 2nd June 1892, from the Senior Surgeon and Sanitary Commissioner, Mysore Government, recommending that when a Sub-Assistant Surgeon is in charge of a District, either temporarily or permanently, he may be permitted to examine candidates for Life Insurance.

2. Letter No. 45, dated 9th July 1892, from the Secretary, Insurance Committee, submitting an extract from the proceedings of the Committee recording their opinion that it is not desirable to entrust the duty of examining proposers to such Medical official of short service and experience as a Sub-Assistant Surgeon.

No. 2040-49—R. F. 30-92, DATED, BANGALORE, 7TH AUGUST 1892.

ORDER THEREON.—The Committee's resolution read above will be communicated to the Senior Surgeon, with the remark that Government agree with the Committee. Where there is not a competent officer in a District, the proposer must go to the competent officer in the neighbouring District.

Docket No. 763, dated 15th February 1892, from the Superintendent, Revenue Survey, in Mysore, submitting a list of private tanks in the Chintamani Taluk for which the continuance of ¼th or ⅛th remission of assessment now being granted is recommended.

ALSO :—

Letter No. 256, dated 20th June 1892, from the same officer, submitting explanation in certain cases, as called for in this Office docket No. 4472—31, dated 7th idem.

No. 2378-79—R. F. 102-92, DATED, BANGALORE, 13TH AUGUST 1892.

ORDER THEREON.—Of the 29 tanks alluded to in the accompanying statement prepared in this office for the lands under which the continuance of the Chautayi and Panjumhissa remission is recommended, the case connected with the tank of Murugamala Ramashastri (No. 17), which was for a time out of repair, has already been decided in Government Proceedings No. 6932-3—205, dated 14th September 1891, by restoring to the owner the ¼th remission of wet assessment formerly granted. Of the others, the continuance of the remission of ¼th assessment in 22 cases and of ⅛th assessment in the case of the remaining 6 tanks is recommended.

2. In some of the cases, the original orders sanctioning the construction or restoration of the tanks have not been produced, but the Survey Superintendent has satisfied himself on this point by reference to copies or entries in the registers on record.

3. In one case, No. 10, the tank is reported to be in bad repair, but this is not of much consequence as remission is to be granted on lands which pay full wet assessment, the Government not being bound to repair the tank.

4. The continuance of the remission of ¼th and ⅛th assessment claimed and recommended by the Survey Superintendent is hereby sanctioned.

5. It must be clearly understood and explained to the owners of the tanks that if they fail to keep the tanks in good order, and any of the lands under them, now under occupation, are relinquished in consequence thereof or so abandoned as to necessitate their being sold for arrears of revenue and bought in by Government, the remission now sanctioned will be withdrawn and the tanks taken under the management of Government.

READ :—

Docket No. 27, dated 19th July 1892, from the Deputy Commissioner of the Kadur District, requesting to be informed whether a duplicate copy of the Contingent Bill excluding the items above Rs. 10 should be submitted with reference to the Government Proceedings No. 4869-78—Cir. 79, dated 15th June 1892, notwithstanding that the required details as t description, quantities and rates of all articles purchased for sums below and above Rs. 10 are given in the contingent bills.

No. 2440-49—R. 395-92, DATED BANGALORE, 15TH AUGUST 1892.

ORDER THEREON.—The Proceedings above cited require the submission of a detailed statement, showing the description, quantities and rates of all articles purchased for sums below Rs 10 for which no vouchers are sent to this office, but when these particulars are embodied in the Contingent Bill itself, the submission of a separate statement as the one alluded to by the Deputy Commissioner is unnecessary.

Hassan Deputy Commissioner's letter No. 296, dated 30th July 1892, stating that owing to the change in the official year and revision in the Khistbandi system, the period for calculating interest on the Land Revenue Khist should commence from the beginning of the official year both in the Malnad and Maidan Taluks and soliciting instructions on the subject.

No. 2774-81—R. F. 129-92, DATED, BANGALORE, 18TH AUGUST 1892.

ORDER THEREON.—Rule XXXIII of the Land Revenue Rules is clear. It directs the levy of interest from the 1st of the month following the last khist or instalment of the year, and with reference to the altered Khistbandi, the date from which interest should be charged will be 1st May in the case of the Malnad and 1st June in that of the Maidan Taluks.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th August 1892.

No. 3061-63—R. F. 26-92, DATED, BANGALORE, 16TH AUGUST 1892.

ORDER THEREON.—Recorded.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.
The Comptroller to the Government of Mysore.
Mr. B. G. Krishnaiengar on Special duty.

EXD.—B.G.R.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 22nd August 1892.

READ :—

The following letter, dated the 22nd July 1892, No. 178, from Mr. B. G. Krishnaiengar, Special Officer in charge of Irrigation Wells, to the Chief Secretary to the Dewan of Mysore.

I have the honor to solicit the favor of your obtaining for me the decision of Government on the following points :—

1. Section 8 of the Special rules for the construction of irrigation wells provides that in cases of loans sanctioned under the rules, no security other than the well and the lands assigned *as the ayakat* shall be required. Though this may not work with disadvantage to Government in Sirkar Villages, yet I am afraid moneys lent in Inam Villages on similar individual holdings would not be equally safe. In the Bangalore and Kolar Districts where loans have been sanctioned to Inamdars of whole villages, no definite settlement has been made, and in my humble opinion it would be better to hold the whole village or the share of the applicant as security for the loan. When I represented this difficulty in person to the Honorable Chentsal Rao Pantulugaru, C. I. E., he was pleased to say that the matter might lie over for some time, but as loans have been already granted in the above two Districts, some definite order is called for.

2. In a few cases amounts far exceeding those payable under the rules with respect to the ayakat of the wells have been sanctioned and payments have been partially made at Kolar and Bangalore. As the maximum period for the recovery is 30 years, it is not possible in these cases to limit the rate of payment to Rs. 5 per acre, as required under Section VI of the rules. As the applicants have partially and in some cases fully executed the works contracted for, it would be hard upon them to reduce the amount of the loans at this stage. Moreover those that have not fully executed the work might refuse to do the remaining portion, and it is a question whether measures of recovery could be taken against them.

Of which a statement is submitted.

Statement showing the amounts sanctioned far exceeding those payable under the rules with respect to the ayakat of the wells

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 30th August 1892.

READ AGAIN :—

Letter No. 252, dated 31st July 1891, to the Deputy Commissioner, Kadur District.

Letter from the Deputy Commissioner of the Kadur District, dated 25th November 1891, No. 442, regarding the powers of the Sringeri Amildar in revenue matters.

No. 3210—R. F. 146-92, DATED BANGALORE, 30TH AUGUST 1892.

ORDER THEREON.—The orders dated 31st July 1891 are clear. They directed that pending the formal investiture of the Matt with the powers of a Deputy Commissioner under the last proviso of Section 99 of the Land Revenue Code, the Amildar of Sringeri may continue to exercise all the powers that Amildars usually exercise elsewhere for the collection of revenue, provided similar powers have been exercised by the Matt without interruption during the 30 years preceding the introduction of the Land Revenue Code. The Deputy Commissioner is of opinion that the Sringeri Amildar "should be immediately invested with all the powers exercised by "Amildars elsewhere," but does not consider it necessary or desirable that the Matt should at once be invested with powers under the last proviso of Section 99 of the Land Revenue Code. But there is no existing provision of law under which the Sringeri Amildar, who is only an agent of the Matt can be invested with any powers, and it is only the Matt, the holder of the Jahgir villages, which can be invested with the powers under the last proviso of Section 99 of the Land Revenue Code. Indeed, the Amildari of Sringeri is an appointment which the Swami created a few years ago with the approval of Government, and before that, the Matt exercised its powers through agents without a specific designation.

2. The papers forwarded with the Deputy Commissioner's letter No. 105 of the 9th June 1890 clearly show that the Matt's exercise of powers in the matter of the cultivation of the lands in the Jahgir villages and of the collection of their revenue is almost coeval with the grant of the Jahgir itself; at any rate, these powers have been exercised from a time long prior to the introduction of the Rent Recovery Rules of 1869. The preparation of a complete list of the powers so exercised by the Matt in the past and the formal investment of the Matt with them are all that is now required under the last proviso of Section 99 of the Land Revenue Code. Pending such formal investment, the Deputy Commissioner will be requested to allow the head of the Sringeri Matt for the time being to exercise all Revenue powers hitherto exercised by him and further to delegate to his Amildar at Sringeri such of those powers as are usually exercisable by the Amildar of a Government Taluk, including the acceptance of relinquishments, the grant of land for occupation, the realization of all items of Jahgir revenue and the recovery of arrears of Jahgir revenue by all processes prescribed in that behalf (except arrest) and as regards sales of land, subject to the Deputy Commissioner's sanction.

3. In exercising these powers, the provisions of the Land Revenue Code and the rules framed thereunder should be followed in all cases to which they may apply. Authority to the above effect has been communicated to the Matt, and the Deputy Commissioner will see that proper effect is given to it. Any authority given by the Swami to his Amildar should be registered in the Deputy Commissioner's Office.

READ :—

1. Mysore District Deputy Commissioner's letter No. 1042 of the 21st November 1890 recommending on financial grounds the restoration of the Hagalahalli tank in the Mandya Taluk and stating that the question of compensation payable to one Ramasetti for lands which would be submerged by such restoration would have to be considered before sanction is accorded to it.

2. Docket No. 1053 of the 19th February 1892, from the same officer, reporting with reference to this office letter No. 12089—702, dated 3rd February 1891, that it would be wrong to pay any compensation to Ramasetti which would create an inconvenient precedent and that the Executive Engineer who was consulted on the subject advocated the restoration of the tank.

3. Chief Engineer's letter No. 3069, dated 22nd June 1892, concurring with the Mysore Deputy Commissioner's opinion both as regards the restoration of the tank and the compensation payable to Ramasetti,

---

No. 3400-1—R. F. 162-92, DATED BANGALORE, 31ST AUGUST 1892.

ORDER THEREON.—It is quite clear that Ramasetti and other holders of land in the bed of the breached tank of Hagalahalli in the Mandya Taluk, cannot claim compensation for submersion of their lands, first because no permanent occupancy rights can under the rules in force be acquired in beds of breached tanks (*Vide* Clause 11, para XX of the Land Revenue Rules), and secondly because these lands have been acquired by the present holders from one Sitarama Jois who by express Mutchalika, executed when obtaining the lands promised to restore them when required for the tank.

2. But there still remains the question whether it is desirable to restore this tank. It will bring under cultivation 170 acres from which a revenue of Rs. 680 per annum may be expected. At present the whole of the bed 76 acres is cultivated and pays a revenue of Rs. 192 per annum, and the whole of the Atchkat is also cultivated and pays a revenue of Rs. 214. The total present revenue thus amounts to Rs. 406 on 246 acres. The tank would reduce the cultivated area to 170 acres but bring an additional revenue of Rs. 274. It is not worth the while of the Government to spend 6 or 7 thousand rupees on a work which will only give so small a net return, especially as present holders of lands in the bed will be deprived of what they have enjoyed for nearly 40 years, and this would be extremely hard on them. If the restoration of the tank is necessary on public grounds other than that of increased revenue (such for instance as the convenience of neighbouring villages for domestic supply, watering cattle, the absence of wet cultivation in the neighbourhood, &c.,) then the project may be worked out in detail and submitted for orders in due course in the Public Works Department with a full report of reasons for undertaking it, with special reference to the foregoing remarks.

PART I

LOCAL BOARD'S BRANCH—MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Board's Branch Municipal),—dated 6th August 1892.

READ THE FOLLOWING PAPERS:—

From the Senior Surgeon and Sanitary Commissioner. To the Chief Secretary to the Government of Mysore, No. 57, dated 29th April 1892.

Has the honor to forward the enclosed for submission to Government with a request that action may be taken on on the recommendation made by the Civil Surgeon.

Until responsible officers and subordinates of Municipalities become acquainted with the principles of hygiene and sanitation to the extent of being able to apply them in practice, it will be always-up-hill work for Medical Officers to try and have sanitation properly attended to but meanwhile Government might direct that strict attention more especially in time of epidemic might be paid to the recommendation of those capable of advising.

From the Acting Civil Surgeon, Mysore, To the Senior Surgeon and Sanitary Commissioner, Mysore Government, Bangalore, No. 362, dated Mysore, 25th April 1892

In advertance to my letter No. 345 of the 20th April 1892, I have the honor to state that the daily reports of cholera show no subsidence of the disease but on the other hand rather point to an increase in the number of cases distributed over the town: that this may be due in a measure to the importation of fresh admissions from infected quarters I admit, still I cannot help feeling that its continuance in places, where it seemed for a time to have disappeared, depends to a great extent in the absence of any marked sanitary improvement being made, especially in the more thickly inhabited parts of the town. It is very noticeable that the efficient cleansing of drains, the regular sweeping of the streets and the removal of refuse from dust-bins is no better attended to than was the case before the epidemic broke out; the public latrines are one and all in a filthy condition: no attempt being made to conserve them in any way; indeed so little attention is given to conservancy matters in general it was only a day or two ago I received a letter from Mr. E. R. Subrayer, Municipal Commissioner, Chamraj Mohalla, complaining of the action of the Municipality in filling up, with street sweepings, a disused tank below the bund of Jivanrayankatte and soliciting my opinion thereon on sanitary grounds. I cannot therefore do better than to attach hereto my reply to the above in which I have pointed out the apathy of the Executive of the Municipality in not giving immediate effects to all of the recommendations which have been made by me to prevent the cholera from assuming still greater proportions, and in again bringing these facts to notice I wish it to be understood that, in my capacity of Civil Surgeon, I request that, I may be no longer held responsible for the results unless steps are taken to move the Government to issue early instructions as may seem fit to you to advise on the representations which I have made.

From the Acting Civil Surgeon, Mysore, To E. R. Subrayer, Esq., Chamraj Mohalla, Mysore, No. 361, dated Mysore, 24th April 1892.

I am in receipt of your letter of the 23rd instant, soliciting my opinion on the filling up with street sweepings of the disused tank below the bund of Jivanrayankatte, in reply I would say that it is, on sanitary grounds, most objectionable to so deposit rubbish and is a practice which cannot be too strongly deprecated. The expeditious cleaning and removal from the streets, courts and by-lanes of refuse, where it now often lies untouched, to selected sites outside the town would vastly tend to increase its healthiness. Indeed the apathy displayed by the Executive of the Municipality, whose duty it is to personally attend to matters of conservancy, appears to be quite in keeping with its complete want of knowledge of the very first principles of sanitation. At my inspection of the place, which you have brought to notice, I observed a number of horses picketed, in the open space close by which ought not, I consider, to be permitted. The public latrine too in that vicinity, situated as it is in a *cul-de-sac* and in immediate proximity to dwelling houses, I found to be so badly conserved as to render it quite impossible for me to enter and inspect it, while adjoining thereto is a cess-pit, within the mud walls, of what seems to have once been a dwelling house, to which no attention whatever is given to its due cleansing, or even covering over with dry earth to prevent its effluvia from vitiating the atmosphere. As the foregoing only serves as an example of numerous similar sanitary defects existing over every part of the town, it is not to be wondered at that cholera when it makes its appearance should spread and continue its ravages amongst a community placed under such highly insanitary conditions. I have visited and inspected many places, during my service in this country but a more filthy and neglected town, in so far as concerns its immediate conservancy, than Mysore is at the present time, it has not been my lot to meet with.

No. 363, DATED 25TH APRIL 1892.

Copy forwarded to the Senior Surgeon and Sanitary Commissioner in connection with this office letter No. 362 of today's date.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Board's Branch—Municipal),—dated 6th August 1892.

No. 2442-3—L. 348, dated Bangalore, 12th May 1892.

Order thereon.—The correspondence received with the above docket will be forwarded to the President of the Mysore Municipality for immediate report.

2. The filling up of the tank below the bund of Jivanrayankatte with street sweepings, objected to by the Acting Civil Surgeon on sanitary grounds should be stopped at once and the rubbish already put in the tank should be covered by dry earth.

3. The cleaning of the drains must be attended to immediately.

4. In his letter to the Senior Surgeon, Dr. Dobson complains that immediate effect has not been given to the recommendations made by him to prevent cholera. The President is requested to report fully on this matter. In all sanitary matters, it is highly desirable that the Municipality should go by the advice of the Civil Surgeon and the Government trust that the President will in future guide his actions accordingly. Matters, in which he and the Board may differ from the Civil Surgeon, should be reported for the orders of Government.

From the Deputy Commissioner, Mysore District. To the Chief Secretary to the Dewan of Mysore, No. 192—Enc. 4, dated Mysore, 21st May 1892.

I have the honor to acknowledge Government Proceedings No. 2442-3—L. 348, dated 12th instant, regarding sanitation in Mysore.

2. With reference to para 2 of the said Proceedings, I beg to state that the tank below Jivanrayankatte referred to by the Civil Surgeon is not a tank at all. It was the cistern of the sluice of the Jivanrayan tank and measured about 20 feet square and was shallow. After the tank bund was improved and the sluice closed, the cistern was left open and contained scarcely any water and was full of only dry leaves shed by trees in the neighbourhood, and leaves used for taking meals on Srardham and other ceremonials, thrown there by neighbouring house owners. The margin under the parapet wall had also been occasionally used by people as a privy owing to the shelter afforded by the broken walls. After I came here as Deputy Commissioner, I found the cistern as well as the neighbourhood very dirty and suggested that it should be enclosed and put to some use so has to prevent people depositing rubbish, or easing themselves there. At the meeting of the Board on the 28th November 1891, it was resolved that the place should be levelled and enclosed for use as a cart stand. To give effect to this resolution, it appears, the filling up of the cistern was taken in hand and some cart loads of silt washed into drains by the rains, broken tiles and other rubbish had been emptied into the cistern. It was intended to cover up this filling with dry earth on top. The late Mr. Subrayar, Public Prosecutor, seems to have, without referring to the Vice-President or other Executive officers, brought it to the notice of the Civil Surgeon, under pretence of asking his opinion. The Civil Surgeon also did not make any communication to the Municipality on the subject but at once wrote off to the Senior Surgeon. In the ordinary course, however, it seems dry earth was thrown latterly over the cistern. These are the facts, and the Government will be able to judge whether anything has been done seriously militating against sanitation. I would also respectfully beg to invite the attention of Government to the remarks which the Civil Surgeon has thought fit to make, not only with reference to the condition of the town as regards sanitation, but also in regard to the Executive officers of the Municipality some of whom are graded officers of position. The remarks are most insulting and uncalled for, especially when it is remembered that they were made in a letter addressed to a private individual, for Mr. Subrayer, though Public Prosecutor and a Municipal Commissioner, has been treated only as a private gentleman in this correspondence. I would therefore submit for the decision of Government whether the action of the Civil Surgeon in this connection was not improper and opposed to official etiquette.

3. As regards Dr. Dobson's strictures on the Municipal Executive for not carrying out his proposals for sanitary reform, I cannot do better than extract below his suggestions for improvement of the sanitation of Mysore, contained in his letter No. 264, dated 8th April 1892 to my address, copy enclosed: a few remarks are added by me against each suggestion by way of explanation :—

1. That all the stone drains which leak should be taken up and the soil beneath removed to a depth of at least 2 ft. and filled in with dry earth taken from a reliable source, laying down the stones again; the joints between the stones forming the drains being cemented with mortar or asphalt to prevent leakage.

This would certainly be an improvement, but would involve dismantling almost all the drains in the town and their reconstruction. Irrespective of the question of cost, this could be carried out only in course of time and could not be attempted at the time of an epidemic.

II. The silt in the drains should be taken out by 7 o' clock every morning and removed at once, instead of being left to dry on one side of the drain as is the case at present.

For carrying away silt at once water tight metallic wheel barrows, or portable tubs are required, and these could not be got at a moment's notice. Besides the Vice-President states that two night soil tubs in carts, which had been sent for from Bombay, had been found impracticable to work with. It was therefore not possible to remove the silt with water or without allowing it to dry; nor was it possible, as I shall explain later on, to do the whole clearing before 7 A. M.

III. Good drains should be constructed for the conveyance of foul water from dwelling houses into street drains which ought not to be allowed to pass out of openings in the walls of dwelling houses and stagnate in cesspools.

This is also one which could not be given immediate effect to. The suggestion was noted for giving effect to according to funds, &c., at our disposal. In the meantime, instructions had been given for removing the silt from such pools, fresh earth being strewed over as far as possible.

IV. The sweepings of houses should be collected in properly constructed portable dust-bins and removed at least twice a day and not be allowed to accumulate for a number of days together as is now the case.

The sweepings of houses and streets are removed into dust-bins and carted away daily as a rule. They do not accumulate for a number of days as remarked. In fact the dust-bins cannot contain sweepings of more than one day. It is impossible to remove rubbish twice a day, and, even if possible, it must be inconvenient to street passengers.

V. Portable public latrines should be introduced with proper arrangements for the collection and removal of solid and liquid excreta separately.

This is a good idea which the Civil Surgeon explained at great length to me and the Vice-President at our joint inspection. Though we could not, without due regard to our financial position and sanction of proper authority, think of getting down these portable latrines, we were resolved to adopt the idea as far as possible in the case of existing ones by removing them from one place to another in the vicinity, so as to change the place and purify it by exposure to sun and air. But this was not to be thought of just at this time of an epidemic nor could we command the necessary labor at this juncture.

VI. The number of scavengers and sweepers ought to be increased if the above suggestions are to be carried out properly as the present staff appears to very inadequately meet the sanitary requirements of the town.

The cry has all along been that the Municipality had an inadequate staff. But having regard to the funds provided in the budget, it was not in our power to increase it as much as we could wish. We did, however, engage an additional establishment of scavengers on account of cholera. We could not get more men, as explained in the concluding remarks, and even now there are some vacancies.

4. As desired by the Civil Surgeon in the penultimate para of his letter under reference, the said letter and others of the same kind addressed to me, were transferred by me to the Vice-President for immediate attention, and for being submitted to the Board for their consideration at its next sitting which took place on the 30th April. A resolution as per margin was thereon passed.

Read:—Civil Surgeon's letters on sanitation of Mysore. Resolved that he be thanked for his suggestion. The Board regret at the same time that the funds of the Municipality do not admit of carrying out many of the more important reforms suggested and that it is not possible just now to do more than carry out carefully ordinary conservancy.

5. I beg also to report for the information of Government that rubbish in dust-bins and backyards of houses and street sweepings are principally removed by village carts which come daily from a radius of more than 10 miles all round. We have in addition about 30 carts for removal of silt, night soil, rubbish, &c. Whenever there is a scare of an epidemic, the villagers do not come into the town and the Municipal carts are made to do extra duty, and hired carts are also engaged; but it is very difficult to secure them. The scavengering establishment consists of

a special class of people called Jalagars who are very limited in number. Most of them are, I am happy to say, bold and do not funk when there is cholera in our midst. But they are a stubborn and troublesome lot and strike work at the slightest provocation They have to be handled with tact and induced to do extra work by presents, &c. It will thus be seen how difficult it was for the Municipal Executive to get work out of them at a critical time, and how it was not possible to make them work at night or rather very early in the mornings so as to get through the whole work within 7 A. M. as directed by the Civil Surgeon.

6. In conclusion, I should be failing in my duty, if I omitted to bring to the notice of the Government the zeal with which the Police and the Municipal Executive (both high and low) have done their duty at a time of great panic and danger, and to beseech the Government to protect them from the unmerited strictures made against them by the Civil Surgeon.

7. The enclosures of the proceedings are herewith returned.

From the Acting Civil Surgeon, Mysore,—To the President, Mysore Municipality, No. 264, dated 8th April 1892.

In continuation of this office No. 233, dated 4th April 1892, and with reference to the inspection of drainage and conservancy held on the 6th instant, I have the honor to suggest:—

I. That all the stone drains which leak should be taken up and the soil beneath removed to a depth of at least 2 feet and filled in with dry earth taken from a reliable source, laying down the stones again; the joints between the stones forming the drains being cemented with mortar or asphalt to prevent leakage.

II. The silt in the drains should be taken out by 7o' clock every morning and removed at once instead of being left to dry on one side of the drain as is the case at present.

III. Good drains should be constructed for the conveyance of foul water from dwelling houses into street drains which ought not to be allowed to pass out of openings in the walls of dwelling houses and stagnate in cesspools.

IV. The sweepings of houses should be collected in properly constructed portable dust-bins and removed at least twice a day and not be allowed to accumulate for a number of days together as is now the case.

V. Portable public latrines should be introduced with proper arrangements for the collection and removal of solid and liquid excreta separately.

VI. The number of scavengers and sweepers ought to be increased if the above suggestions are to be carried out properly, as the present staff appears to very inadequately meet the sanitary requirements of the town.

I might add in connection with these recommendations that it is of all importance that immediate steps be taken to remedy the highly insanitary condition of the village of Kannegaudankoppal which was visited by me in company with Mr. Arumugam, Assistant Surgeon, on the 4th instant. No attempt appears to be made to drain the village, provide its inhabitants with latrine accommodation, or in fact in any way assist them in keeping the village in a proper sanitary state. In almost every hovel, horned cattle and sheep are housed in the enclosures occupied by the people without any limit to the number of the former, or any attention paid to the removal of the excreta from these animals. Cesspools exists every where, and though it is stated that drinking water is obtained from Kukarhalli Tank, which is at a distance of over 2 furlongs, still it is highly probable that water for domestic purposes is got from polluted wells in the village. It is not therefore to be wondered at, when disease of an epedimic character attacks such a place that it should spread rapidly as is borne out from the fact that since the first reported cases of cholera, which occurred there on the 28th March 1892, 30 cases have followed to date with 10 deaths.

It is therefore highly desirable that this letter be placed before a special meeting of the Municipal Board, and effect given to the suggestions herein made with as little delay as possible.

A copy of this letter is forwarded to the Sanitary Commissioner with the Government of Mysore for his information.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Board's Branch—Municipal),—dated 6th August 1892.

No. 1864-65— L. F. 101-92, DATED BANGALORE, 6TH AUGUST 1892.

ORDER THEREON.—Government are satisfied on a perusal of the letter above read and the explanations therein contained, that the President and his subordinates have done their best within the limits of the pecuniary resources at their disposal to cope with the exceptional sanitary requirements of the City during the late prevalence of cholera. Government are also convinced that in all that Dr. Dobson did and wrote he was actuated solely by a consuming desire to better the sanitary condition of the Municipality, but his remarks about the "apathy" and the "complete want of knowledge of the very first principles of sanitation" on the part of the Municipal Executive were utterly uncalled for. The Civil Surgeon ought to have known that the capacity of the Municipal Executive was practically limited by the financial resources at their command and the time available for execution, and that the non-execution of improvements suggested could be due to causes other than their apathy and ignorance, both which, the Government regret to find, he has but too readily assumed. When animadverting on the efficiency of the Municipal Executive, the Civil Surgeon not only expressed opinions on matters quite outside his competence to deal with, but also allowed himself to use language such as an officer in his position should certainly have avoided.

2. The suggestions made by the Civil Surgeon are in themselves all excellent. The improvements he has suggested should be part of a general scheme for the better sanitation of the City, and such scheme should be carried in a methodical manner calculated to ensure its early completion as a whole. For the proper elaboration of such a scheme, the Government expect to be able to make the necessary arrangements at an early date.

T. ANANDA ROW,
Chief Secretary.

To—The President Mysore City Municipality
The Senior Surgeon to the Mysore Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Board's Branch—Municipal),—dated 11th August 1892

READ :—

Report on the audit of accounts of the Mysore City Municipality for 1888-89 submitted with the letter from the Comptroller dated 29th April 1892, No 515.

No. 2036-7—L. F. 106-92, DATED BANGALORE, 11TH AUGUST 1892.

ORDER THEREON.—The report read above discloses many irregularities in the administration of Municipal Funds. The Auditor also states that several of the Registers kept by the Municipality are either defective or unnecessary. But the Government do not purpose to review these defects in detail, as they will all disappear under the system of audit recently introduced, and as a Committee has already been appointed to revise the forms of the Municipal Registers. Only such points as require immediate orders will be noticed.

2. The President is requested to report why duty is collected on tobacco without making any allowance for dryage.

3. The system of spending permit fees without their being brought to account is irregular and should at once be put a stop to.

4. Care should be taken that in the future English figures are written in all accounts.

5. The Government presume that under the orders recently issued, all collections made by the Municipal officers are remitted to the Treasury on the day on which they are made or on the following day. The President should see that no laxity is allowed in this matter in future.

6. Shroff's rough Register should be signed by him.

7. Challans accompanying remittances should be numbered consecutively and filed.

8. The Auditor states that the balance of Mohatarfa remaining uncollected on 1st April 1888 according to the statement furnished by the City Amildar after repeated requisitions by the Auditor was Rs. 11,739—8—9, while the same according to the general monthly demand, collection and balance register was Rs. 17,197—7—9, that the difference of Rs. 5,457—15—0 is represented to be the remissions granted by the Municipality in 1877, 1883, 1884, 1886 and 1888, that out of this, a sum of Rs. 3,508—2—5 has been since deducted from the general monthly demand, collection and balance abstract, and that the balance of Rs. 1,949—12—7 has not been adjusted as yet. Apart from the irregularity of keeping an account, arrears remitted by the Municipality, the Government consider it highly improper that old arrears should be allowed to stand hanging over the heads of the people for a number of years. The President is therefore requested to institute at once an enquiry into all old arrears and recommend the remission of all such arrears as he may consider irrecoverable, striking off the account all such sums as have been already remitted. The Government will be prepared to sanction the remission of all arrears older than 6 years without any enquiry. A full report n the recoverable and irrecoverable arrears of Mohatarfa, with particulars of the years to which they relate, should be submitted before the 30th September 1892. The City Amildar's pay and the pay of such other officers as the President may think proper should be stopped, if the report is not submitted within the date above named.

9. It is stated that fodder charges are deducted from cattle pound receipts and the balance credited as Municipal Revenue. This practice should be discontinued and that prescribed in Rule 4 of Government Proceedings of 24th August 1891 followed in future. The Auditor states that when any cattle impounded are put up to auction and no bidders are forthcoming, the animals are driven out beyond Municipal limits and that no payment is made to the Pound-keeper towards the feeding charges incurred by him on account of such animals. This procedure is extraordinary and irregular. If there is no bidder, the animal should be purchased by the Municipality for a nominal price and eventually disposed of to the best advantage. The feeding charges of such animals must be paid from the surplus proceeds of pound collections.

10. The Government hope that no deposits are now allowed to remain with the Municipal officers without being sent to the Treasury.

11. The error noticed by the Auditor in para 20 of his report should be corrected.

12. *Statement F.*—Items 1, 2 and 3 relate to the sale proceeds of materials of houses, of which sale lists were not produced. The actual realizations in the first case were Rs. 137—10—0 of which Rs. 25—2—0 are stated to have been deducted on account of some compensation due to the Ahobala Matt and the balance only credited in accounts. The system of spending any sum collected by the Municipality without first crediting it as a receipt is grossly irregular and should at once be discontinued. The President is also requested to take due notice of the loss of sale lists.

Item 4.—A sum of Rs. 8—14—3, being the sale proceeds of stray cattle was refunded to the owner on 15th September 1888; but this was shown in the cash book by a deduction from the cash balance on receipt side and no voucher is forthcoming for such payment. The President should ascertain whether the payment was really made and see in the future that such items are entered on the debit side supported by proper vouchers.

Items 5, 6 and 7.—The contract amount of slaughter house fees for 1888-89 was Rs. 287 of which Rs. 280—10—10 were collected by monthly instalments up to the end of May 1889, leaving a balance of Rs. 6—5—2 uncollected up to date. In the case of Butchers' stalls a sum of Rs. 51 only was collected out of Rs. 126 realizable on account of 7 stalls rented out in 1888-89, leaving a balance of Rs. 75. The accounts do not show whether these balances of Rs. 6—5—2 and Rs. 75 have been since collected and whether the entire fee collections from Devaraj and Mandimohalla Markets, which were also sold by auction, were properly credited in the accounts. The President is requested to enquire and report whether these sums have been collected or not and if not, to collect them forthwith. The contract bond in the case of slaughter house fees is reported to have been written on a eight anna paper instead of on one Rupee paper-an irregularity involving a sacrifice of Provincial Revenue and rendering the Municipality liable to prosecution under the Stamp Act. Such irregularities should be guarded against in future.

13. *Statement G.*—A sum of Rs. 1—14—0 realized in July 1888 from fines on stray cattle impounded in the Gordon Park is stated to have been shown in a Register and attested by the Vice-President but not brought on to the account opened for the "Western Extension Fund." The Deputy Commissioner should explain by whom the amount was collected and what became of it.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Boards Branch—Municipalities—dated 11th August 1892.

16. *Statement K* is forwarded to the President and he is requested to enquire and report whether payments amounting to Rs. 69-7-10 therein referred to were actually made to the parties concerned and if so, under what dates and under what items of expenditure they were shown in the accounts.

17. Government observe that the actual balances at the beginning and end of the year and expenditure incurred during 1888-89 given in the statement of receipts and expenditure appended to the audit report, differ from the same given in the accounts furnished by the Comptroller as shown in the marginal statement. The difference in expenditure is apparently due to the charges on account of the Maharaja's Hospital adjusted in the Comptroller's Office and not communicated to the President. The large difference in the cash balance, it is presumed, is also the result of similar adjustments made year after year without the same being communicated to the President. The President is requested to correct the accounts according to those of the Comptroller and to see that no such differences occur in future.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 22nd August 1892.

MEMORANDUM.

Under Government Proceedings dated 7th June 1892, No. 4253-4—L. 527, the limit of sanction of the Deputy Commissioners for all works executed from District Funds and Local Funds General is up to Rs. 200. It has come to the notice of Government that some Deputy Commissioners sanction, on their own authority, works costing Rs. 200 and upwards on the ground that the excess cost over their limit of sanction is expected as contribution in labor or money from raiyats. This is not right. In the future, detailed estimates should be submitted for all works costing Rs. 200 and upwards, irrespective of any contribution promised or recovered from raiyats. In submitting estimates, the amount of contribution may however be deducted from the total cost of each work.

"By Order,"

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Districts and Presidents of Local Fund Boards.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Board's Branch—Local Funds),—dated 23rd August 1892.

READ :—

Letter from the Deputy Commissioner of the Tumkur District, dated 8th July 1892, No. 133, submitting the Supplemental District Fund Budget of the District for 1891-92, and stating that the sanctioned Budget for 1892-93 requires no revision and that the Municipal Supplemental Budgets 1891-92 will soon follow.

No. 2996-9—L. F. 95-92, DATED BANGALORE, 23RD AUGUST 1892.

ORDER THEREON.—The Supplemental Budget submitted with the above amounts to Rs. 1,872, under civil charges, as detailed below :—

		Rs.
I.	Statistical Clerk	60
II.	Medical Scholarships	153
III.	Hospitals and Dispensaries	1,227
IV.	Midwives	83
V.	Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas	315
VI.	Conservancy and Sanitary charges	...
VII.	Vaccination	34
	Total Rs...	1,872

III. Hospitals and Dispensaries.—The estimate under this head includes Rs. 63, on account of the travelling allowance of the Hospital Assistants in charge of Local Fund Dispensaries. This amount, which is debitable to Provincial Funds under codal rules, will be struck out and the estimate reduced to Rs. 1,164. In the original Budget for 1891-92, a provision of Rs. 454 was made for the travelling allowance of Hospital Assistants. If any portion of this amount which is properly debitable to Provincial Funds has already been paid, the Comptroller should make the necessary adjustment.

The other items call for no remarks and are sanctioned.

The civil charges sanctioned for 1891-92 are as shown in the following statement :—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 29th August 1892.

The estimate submitted by the Deputy Commissioner does not include income and charges under "Public Works" over and above the sums sanctioned for the first 12 months of the year 1891-92. Probably the absence of figures under these heads is due to the fact that the amounts sanctioned for the first 12 months are ample for the 15 months of the year.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 5th August 1892.

READ THE FOLLOWING PAPERS:—

1. Letter from H. H. Sparkes, Esquire, Deputy Commissioner, Kadur District, To the Chief Secretary to the Government of Mysore, No. 502, dated 26th December 1891.

With reference to para 3 of Section 8 of the Land Revenue Code, I have the honor to state that no general or special orders of Government appear to have been received authorizing the Deputy Commissioners to assign to their Assistants such particular duties as they may see fit, and to request therefore you will be good enough to inform me, if I can assign to my Assistant Commissioners, such powers as I may think desirable. At present, the General Assistant Commissioner attends to the work of two Talukas of the District, signing the ordinary papers for "Deputy Commissioner" and sending the important ones to the Deputy Commissioner himself, especially those which the Land Revenue Code and Rules distinctly require the Deputy Commissioner to do.

The difficulty will be apparent when appeals are brought to Deputy Commissioner against the orders passed by the Assistant Commissioners and signed "for Deputy Commissioner."

---

2. Letter No. 655, dated 16th March 1892, from the Deputy Commissioner, Kadur, To the Chief Secretary to the Dewan of Mysore.

With reference to Proceedings No. 12005—234 of the 12th ultimo, I have the honor to inform that what I meant from my letter No. 502 of the 26th December last is, that the Government have not issued any general or special orders under para 3 of Section 8 of the Land Revenue Code by which the Deputy Commissioners may assign certain duties to their Assistant Commissioners.

II. Having consulted the orders published in pages 4 and 5 of the Revenue Manual, as also the Land Revenue Code and Rules, I propose to assign the following duties to my Assistant Commissioners:—

(1). To do the * current work of one or more Talukas which I may entrust to them and in those Talukas;

* Generally falling under Chapters V, VI, IX, X and XI of Land Revenue Code and Rules framed thereunder.

(2). To give the Taluk or Village officials not exceeding one month's pay or Potgi, and to recommend the appointment, dismissal, suspension or transfer of the Taluk or Village officials;

Section 33.

(3). To grant remissions of all items of revenue;

(Under the existing orders of Government and under such orders as the Government may issue hereafter).

(4). To take up and dispose of regular Revenue suits, and to hear appeals against the orders of Amildars in Revenue suits when referred;

(Chapters XIII and XIV of Land Revenue Code and Rule XLIII).

(5). To pass orders in cases in which Government trees are unauthorizedly felled and appropriated, or in cases in which any other natural products which are the property of Government are removed;

(6). To fine after a summary enquiry persons convicted of injuring in any way boundary marks, or of unauthorizedly erecting these marks;

Section 133.

(7). To evict persons wrongfully in possession of lands;

Sections 37, 59 and 64.

(8). To dispose of such other matters, not coming under any of the above heads, as may be specially referred to them by the Deputy Commissioner.

III. The Assistant Commissioners will of course exercise their discretion in referring for the orders of the Deputy Commissioner, petitions, reports, &c., which cannot suitably be disposed of by themselves, or which in their opinion might preferably be submitted to him.

IV. The appeals on orders passed by the Assistant Commissioners on the original side will, of course, lie to the Deputy Commissioner according to Rule 1 framed under Section 210.

No. 1925-32—G. 480-92, DATED BANGALORE, 5TH AUGUST 1892.

ORDER THEREON.—No general rule can be laid down in regard to the powers to be exercised by Assistants *not* placed in charge of Taluks. They must be regulated from time to time by each Deputy Commissioner with reference to special qualifications of the Assistants concerned.

2. No Assistant Commissioner should be placed in charge of a Taluk without the special sanction of Government, but when he is placed in charge of a Taluk, he may, unless otherwise directed, exercise all the powers of a Deputy Commissioner so far as the Taluk placed in his charge is concerned.

3. The Government have no objection to Mr. Narayanaiengar being placed in charge of a Taluk, and to his exercising all the powers of a Deputy Commissioner subject to the general control of the Deputy Commissioner, so far as the Taluk placed in his charge is concerned. He may also attend to such other individual matters as may be specially referred to him by the Deputy Commissioner from time to time.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 12th August 1892.

READ THE FOLLOWING :—

Letter No. 1406—112, dated 20th July 1892, from L. Ricketts, Esq., Inspector General of Forests in Mysore, to the Chief Secretary to the Government of Mysore.

I have the honor to report that in anticipation of sanction I have by the last English Mail written to Messrs. Daniels Brothers for £ 15 worth of potato tubers; also for a few packets of potato seed, field cabbages and lettuce which will cost but a few shillings and which have been sent for in order to improve the ordinary growth (as distinguished from Exhibition varieties) of our local market gardens.

2. It was not my intention to have given the order above mentioned without, in the first instance, sending to you a memo of costs and charges hitherto incurred on this account, but I was influenced in doing so and not to miss a mail by the accounts of the potato disease in and about Poona in the Bombay Presidency, and by the further fact that such seed tubers should arrive here at latest in the early part of October.

3. The operations hitherto have been to sow the English tubers in the Lal-Bagh and other places under the experienced supervision of Mr. Cameron, and then to sell at cheap rates the crop thus raised and multiplied fairly acclimatized to native growers. Profit has not at all been looked to, and as native gardeners get suspicious when they are required to report results and dislike being so asked, no enquiries are made beyond the general one of whether there has been disease or not.

4. Except in one instance and to a limited extent, there has been no potato disease for several years past, a result which in some measure may be accounted for by this removal of stock by fresh importations from the best potato growers in England.

5. The potato is at all times liable to disease and particularly so in this country owing to the forcing nature of the climate added to the strong manure used. Hence the necessity of frequent renewals as above and it is matter of congratulation to have to report a general absence of potato disease which implies considerable profits put into the hands to Mysore potato growers.

No. 2209-10—Gen. 584-92, DATED BANGALORE, 12TH AUGUST 1892.

ORDER THEREON.—The purchase of Potato tubers and seed from England at a cost of £ 15 for improving the ordinary growth is sanctioned.

Letter No. 2520, dated 9th July 1892, from the Senior Surgeon to the Government of Mysore, to the Chief Secretary to the Dewan of Mysore.

With reference to this Office No. 2141 of 28th May 1892 and Order thereon No. 4360—39, of the 7th ultimo. I have the honor to forward herewith a statement showing the result of the Circular inquiring what Assistant and Sub-Assistant Surgeons are willing to serve with the Imperial Service Corps.

2. From this statement it will be observed that two are unwilling to serve with the Corps, two express their willingness without asking any questions as to conditions, &c., whilst the remainder want to know what the conditions are as to pay, prospect, &c., before replying definitely.

3. Of course Government can compel any of these Officers to serve with the Corps under pain of dismissal on refusal, but all the same I thought it might be well to ascertain their ideas on the subject, as *ceteris paribus* the selection would naturally be made from amongst those desirous of serving with the Corps.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 13th August 1892.

4. As regards the pay, prospects, &c., of the Assistant Surgeon or Sub-Assistant Surgeon, if eligible, who may be appointed to the Corps, I would propose as follows:—

(*a*) that he shall remain in the graded list as at present,

(*b*) that his pay shall remain the same as if in Civil employ while serving within the Mysore State, but if he proceed on service out of the Mysore State, he shall receive an increase of pay of Rs. 50 per mensem while so employed, plus whatever batta he may be entitled to,

(*c*) that his service shall count for promotion as if in Civil employ,

(*d*) that if his services should be retained with the Corps after he became sufficiently senior to be promoted to the grade of Civil Surgeon and is considered eligible for such promotion, he shall receive the pay of Civil Surgeon, 3rd grade, and service with the Corps shall qualify for further advancement to the higher grade of Civil Surgeon.

5. I would also suggest that he may be provided with free quarters near the lines of the Corps, and that an Hospital for in-patients be constructed with a Dispensary for out-patients attached.

6. I have consulted the principal Medical Officer, Her Majesty's Forces, Bangalore, on the above points and he approves.

No. 2432-33—G. F. 58-92, DATED BANGALORE, 13TH AUGUST 1892.

ORDER THEREON.—The proposals in paras 4 and 5 of the Senior Surgeon's letter read above as regards the pay, prospects, &c., of the Medical Officer to be attached for service with the Imperial Service Regiment are approved. The Senior Surgeon will ascertain if any of the existing Assistant Surgeons are willing to accept service with the Imperial Service Regiment on these terms. If none be willing, the next appointment should be made subject to service with the Regiment.

Letter No. 656 of the 17th March 1892 from the Deputy Commissioner, Kadur District.

With reference to the subject of introducing uniform weights and measures, I have the honor to state that on several instances of use of false weights and measures being brought to my notice, I had the capacity of some of the seers used in the several Taluks of the District examined with the result as per accompanying statements.

The statements will show how varied is the capacity, and how easily the merchants or sellers can cheat the purchasers, unless some uniform weights and measures are introduced.

I should have arranged to introduce certain uniform measures in the manner indicated in para 2 of late Chief Commissioner's Proceedings No. 5084—G. 882, dated 18th August 1876 (*vide* also docket No. 7—1, dated 29th March 1889, referring to the Orders of 18th August 1876), but for the recent promises of Government to issue orders on the subject. The Inspector General of Police on a recent reference from this District stated that he has recommended to Government to pass the draft bill for regulating weights and measures into Law. If the Government are not prepared to issue any decided orders regulating the weights and measures, for some time to come, I beg to be instructed at an early date, if I may act on the Proceedings of August 1876 and regulate the weights and measures in accordance therewith.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 18th August 1892.

Letter No. 25 of the 12th April 1892 from the Director of Statistics and Agriculture, bringing to notice that the measures used by the merchants at Holalkere are smaller than the standard ones.

No. 2812-21—G. F. 178-92, DATED BANGALORE, 18TH AUGUST 1892.

ORDER THEREON.—The attention of Deputy Commissioners is drawn to the orders contained in para 2 of the late Chief Commissioner's Proceedings No. 5084—G. 882, dated the 18th August 1876, which should be given effect to pending the introduction of a Regulation on the subject of weights and measures. Standards of all weights and measures in ordinary use in the country should be obtained from the Bangalore Central Jail and kept in places where they shall be accessible to all for the purposes of test, and if, after due notice, shop-keepers and dealers are found in possession of or using false weights and measures, they should be prosecuted.

2. The Superintendent, Central Jail, will be requested to supply standard weights and measures to Deputy Commissioners on application.

No. 2957-64—Gen. 737-92, DATED BANGALORE, 20TH AUGUST 1892.

ORDER.—The attention of Deputy Commissioners of Districts is drawn to a note on the value of Prickly-pear as fodder for cattle in times of scarcity, published among "Official Papers" in the Mysore Gazette of the 4th instant. The subject is important and the Deputy Commissioners should take early opportunity to make it known to the Village Officers and raiyats of their Districts and this is best done during their tour through the District.

Despatch from Her Majesty's Secretary of State, No. 7, dated 21st January 1892.

RESOLUTION.—In the Despatch cited above, Her Majesty's Secretary of State draws attention to the great inconvenience due to the occasional employment in botanic-economic reports published under the authority of Government, of obsolete scientific names of plants, and desires the uniform use in all such official reports in future of the nomenclature established by Sir Joseph Hooker's "Flora of British India" and the Official "Dictionary of the Economic Products of India." Considerable inconvenience has also been caused to the Government of India, by the use

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd August 1892.

in official reports generally of Vernacular and unscientific names in describing or referring to natural and economic products. His Excellency the Governor General in Council is, therefore, pleased to issue instructions that economic products, whether plants or not, should be described by the scientific name adopted in the Official Dictionary, either used alone or written in brackets after any English or Vernacular name which may be employed. The nomenclature of economic plants dealt with in the Dictionary of Economic Products is practically based on the "Flora of British India," to which no further reference need be made in such cases. In the case of plants not being economic products, and not therefore included in the Economic Dictionary, the Flora itself should be consulted; but if this work is not available or difficulty is experienced in identification, reference may be made to the Agricultural Department or to the botanical authority of the Province.

2. Copies of the Dictionary of the Economic Products of India will shortly be supplied to every District Library and His Excellency in Council hopes that the possession of this work of reference will encourage District Officials and those engaged in the compilation of reports in the employment of correct scientific nomenclature.

ORDER.—Ordered, that a copy of the foregoing Resolution be forwarded to all Local Governments and Administrations, and to the Officers noted on the margin for information and guidance; also that a copy be forwarded to Home, Military, Public Works, Foreign and Financial Departments for information,

READ :—

The following report on the condition of the Tumkur District for the fortnight ending the 15th July 1892, received with letter No. 182, dated 22nd idem, from the Deputy Commissioner of Tumkur :—

1. HARVEST.—Harvesting of paddy under Kunigal Doddakere is over, while under Sargehalli tank in the Gubbi Taluk it is in progress.

2. STANDING CROPS.—Are in good condition. Ragi crop in parts of the Tumkur Taluk is reported to have been damaged by caterpillars and insects. If it rains, re-sowing will be done. More rain is required also by the young crops, which have shown signs of withering.

3. FOOD GRAINS.—Supply of food grains at markets is good. There has been a slight fall in prices.

4. FODDER.—Green grass is available. Date leaves are still used in parts of Sira and Chikmayakanhalli Taluks.

5. WATER.—Is available.

6. DEMAND FOR WORK.—There is no demand for work.

7. GENERAL CONDITION.—Fair. High winds prevail since a fortnight. Fever, small-pox and cough prevail in several places.

READ ALSO :—

The following report submitted by the General Assistant Commissioner, Tumkur District, on the condition of the Maddagiri, Sira and Pavagada Taluks for the same period, received with the above : —

1. HARVEST.—No crops were harvested during the fortnight.

2. STANDING CROPS.—The standing young crops of ragi, dal, ballar and cholam as well as Kartika paddy are advancing fairly well. The cholam in many places has already begun to form ears.

3. CULTIVATION.—Ploughing and sowing operations are still going on. In a few places weeding is commenced. There are already 517 darkhasts for lands against 168 darkhasts during the corresponding period of the last year in the Maddagiri Head-quarter Range alone. Attention is being paid to prompt disposal of darkhasts. There was another down pour of rain during the fortnight in all the Taluks of this Range.

4. PRICES.—There was a further fall in the prices of food grains. Rice sold in this Range from 9 to 11 seers a rupee in the fortnight and ragi from 20 to 28 seers. Abundant supply of grains had come to market.

5. DRINKING WATER.—There is nowhere difficulty now for drinking water.

6. FODDER.—There is ample fresh grass now. In a month more cholam straw may also be available in some places.

7. GENERAL CONDITION.—All apprehensions are removed. There is no demand for labor.

The following report on the condition of the Bangalore District for the fortnight ending the 15th July 1892, received with docket No. 16, dated 2nd August 1892, from the Deputy Commissioner of Bangalore :—

AGRICULTURE AND CROPS.—No crops harvested. The sugar-cane crop is reported to be thriving and agricultural operations are in satisfactory progress. Ragi, paddy, cow gram, harka, samé, caujanpea, gingelly, ramtil, maize, sown in parts of the District, are reported to be in good condition. Some of the above are being sown and in other places, preparations are being made for sowing.

FODDER FOR CATTLE.—There has been a fair supply of fodder in consequence of the recent rain-fall.

WATER-SUPPLY.—Good throughout the District, a few tanks in Devanhalli and Dodballapur have breached, some are full and discharging. The statement subjoined shows the rain-fall gauged at Taluk Head quarters :—

	Inches.	Cents.
Bangalore	1	70
Hoskote	1	25
Devanhalli	2	27
Nelamangala	2	46
Dodballpur	2	22
Kankanhalli	1	27
Magadi	2	43
Closepet	1	71
Channapatna	0	90
Anekal	2	91

PUBLIC HEALTH.—Generally good, save in parts of the Bangalore and Nelamangla Taluks ; in the former, cholera and small-pox prevail to some extent, in the latter, dysentery. Among cattle, rinderpest is reported from Anekal.

FOOD GRAINS.—No material change in the prices of food grains. On the whole, the aspect of the season is favorable for the present and there is no great demand for Relief Works. Raiyats find employment in agriculture.

READ ALSO :—

The following report of the Officer in charge of the Closepet Sub-Division on the condition of the Sub-Division for the same period received with the above :—

STANDING CROPS.—Punaji paddy, yellu and sugar-cane are thriving.

PRICES OF FOOD GRAINS.—Are going down. Supply abundant.

WATER-SUPPLY—Good.

FODDER.—Green grass procurable in abundance.

PUBLIC HEALTH.—Good. Small-pox and fever in the Magadi Taluk much abated.

LABOR.—There has been no demand for labor, raiyats having been engaged in agricultural operations.

RAIN-FALL.—The rain-fall in the first part of the fortnight, was copious and in the latter part was scanty.

STATE OF CROPS.—The crops are generally in a good condition, but the dry crop has slightly suffered from excessive moisture. During the fortnight ragi, avare, togari and Kartika paddy were sown.

SUPPLY OF FOOD GRAINS.—Markets are well supplied.

WATER-SUPPLY.—Is abundant.

FODDER.—Is procurable

PRICES.—Show a tendency to fall

DEMAND FOR LABOR.—Is greatly falling off

GENERAL CONDITION.—Good

READ ALSO :—

The following report of the Officer in charge of the CHIKBALLAPUR SUB-DIVISION on the condition of the Sub-Division for the same period received with the above :—

RAIN-FALL.—During the 1st week of this month, the rains of the last month continued, the heaviest fall being in the Gudibanda Range. Most of the tanks have filled and have enabled Kartika paddy cultivation, the only exception being the eastern Hoblis of the Bagepalli Taluk in which the tanks have received only a scanty supply of water.

CROPS.—The newly sown ragi commenced to suffer from excessive moisture. The lull that has followed has greatly benefited it. Kartika paddy has been sown in many places and is being sown in others. The standing sugar-cane crop is flourishing.

MARKET AND PRICES.—Markets are well supplied. Prices have fallen with the altered prospects.

FODDER AND WATER.—These are plentiful but cattle have not quite recovered. Cattle disease prevails in the Goribidnur Taluk and in the Gudibanda Range.

PUBLIC HEALTH.—Public health is generally good. Small-pox and measles prevail in some parts.

PROSPECTS.—Hopeful.

STANDING CROPS.—The standing crops, *viz.*, ragi, paddy, sugar-cane, jola, green gram, black gram, pepper, arecanut, coffee, coriander, sesamum and cardamom are in good condition.

SUPPLY OF FOOD GRAINS.—The supply of the principal food grains in the several markets was good.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 12th August 1892.

SUPPLY OF WATER.—Good in all parts. Well works sanctioned from District Funds are in progress in the Maidan Taluks, but have to be stopped in the Malnad on account of the heavy rains. The tanks and kattes have a good supply of water.

FODDER FOR CATTLE.—Good in all parts.

RISE AND FALL OF FOOD GRAINS.—

The following report on the condition of the Chitaldroog District for the fortnight ending the 31st July 1892, received with docket No. 75—72, dated 5th August 1892, from the Deputy Commissioner of Chitaldroog :—

1. Although prospects continue to be favorable, yet owing to the scanty fall of rain during the fortnight under report, the standing crops are reported to be fading in parts of the Chitaldroog, Davangere, Challakere and Hiriyur Taluks.

2. The quantity of rain gauged at the Taluk Head-quarters of the District during the fortnight under report was as follows :—

Taluk.	I.	C.	Taluk.	I.	C.
Chitaldroog ...	0	81	Davangere ...	0	65
Challakere ...	0	16	Jagalur ...	0	48
Hiriyur ...	0	0	Molakalmuru ...	0	12
Holalkere ...	1	55	Hosdurga ...	0	60

3. STATE OF CROPS.—The standing dry crops, consisting of ragi, cholam, avare, togari, green gram, black gram, yellu, chillies, castor seed, navane and samè are generally in fair condition, but rain is urgently wanted for these crops in parts of the District. The wet crops under wells and streams are in fair condition. Cultivation below tanks is confined only to such tanks as have received good supplies and the crops below such tanks are also doing well.

4. Ragi, avare, harka, same and navane were sown during the fortnight under report.

5. Supply of Food Grains.—The supply of food grains is sufficient in all the Taluks of the District. Ragi and cholam were exported to various places in British Territory from the Taluks of Chitaldroog, Jagalur, Holalkere and Davangere.

6. Prices.—The prices of the principal food grains show a tendency to decrease as the raiyats who hitherto held back their stock in expectation of a bad season are now freely bringing out the same to the principal markets for sale. The market prices of the different food grains at the Taluk Head-quarters of the District for the present and the past fortnights are given below :—

Taluk.	Present fortnight. Seers per Rupee.			Past fortnight. Seers per Rupee.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
Chitaldroog	9½	30	26	9	24	22
Challakere	10½	30	24	10	24	25
Davangere	9½	18	22	9	20	18
Holalkere	8½	35	24	8½	28½	24
Hiriyur	8½	26	23	8	25	20
Jagalur	9½	28	22	8½	24	23
Molakalmuru	8½	22	18	8	18	16
Hosdurga	9	30	24	9	24	24

7. State of Fodder and Water.—The supply of water both for men and cattle is sufficient throughout the District. Pasture is improving, but dry fodder is scarce in all the Taluks except Chitaldroog, Holalkere and parts of Davangere and Jagalur.

8. Demand for Labor.—There was no demand for labor anywhere in the District during the fortnight under report. The working classes find sufficient employment not only in the fields but also on the Irrigation Wells and Sagavali kattes which are in progress.

9. Relief to Weavers.—Cloths of the value of Rs. 159—3—8 were purchased during the fortnight under report from the weavers at Molkalmuru.

10. General Condition of the District.—The condition of the people in the District was good. Cholera prevailed in a mild form in parts of the Molkalmuru and Davangere Taluks. The condition of the cattle was improving.

No. D. 615, dated Bangalore, 15th August 1892.

Order thereon.—Recorded.

2. It is noted that while the prices of food grains have appreciably fallen, more rain seemed required for the standing dry crops at the end of the last month. Since then considerable quantities of rain have fallen in all Taluks of the District and the standing crops were reported to be generally in fair condition.

Statement showing the amount spent on Relief Works in the Mysore District up to the end of June 1892, received with docket No. 409, dated 3rd August 1892, from the Deputy Commissioner, Mysore District.

No. **D.** 616, DATED BANGALORE, 12TH AUGUST 1892.

ORDER THEREON.—The Deputy Commissioner made a requisition, on the 6th of May last, for an allotment of Rs. 8,000, to meet the expenditure on Relief Works started by him in the District proper in anticipation of sanction; but, as, in a report made three days later, he stated that he had ordered the works to be closed in consequence of improved prospects, he was requested to submit a bill for the amount actually spent on the works and to report the dates on which they were closed. The statement referred to above has been accordingly submitted.

2. It is seen from the statement that the number of works started was 29, that three of these were other than those mentioned in the sanctioned programme, that two of the works were not mentioned in the progress reports owing to non-receipt of information concerning them, and that all the works with the exception of the two noted in the margin were closed before the 20th of May last. The statement further shows that out of an aggregate estimated amount of Rs. 9,791—8—0, a sum of Rs. 3,352—14—9 was spent actually on the works and that to complete the two works referred to above which were in progress and to do rough stone-work for the Sujjalur and Vatalu kattes, of which earthwork had been completed, a sum of Rs. 482—9—0 was required.

1. Sindhavalli tank, Nanjangud Taluk.
2. New well at Gikahalli, Nanjangud Taluk.

3. The bill for Rs. 3,352—14—9 is passed and will be sent to the Comptroller for adjustment. The amount required to complete the four works referred to above, *viz.*, Rs. 482—9—0, will be placed at the disposal of the Deputy Commissioner.

4. It is hoped that estimates and jarib pattis relating to the works have been carefully scrutinized by a responsible officer appointed for the purpose by the Deputy Commissioner.

1. RAIN.—There was not much rain during the fortnight, except at Gudibanda, where the quantity gauged was 1 inch and 50 cents.
2. CROPS.—Kartika paddy is being briskly sown. The standing dry and sugar-cane crops are flourishing.
3. FODDER AND WATER.—Fodder and water are plentiful.
4. MARKETS AND PRICES.—Prices have fallen everywhere. The markets are well supplied.
5. GENERAL PROSPECTS.—The prospects are favorable everywhere. In the three eastern hoblis of the Bagepalli Taluk, the tanks have not received much water. Kartika paddy cultivation under tanks is therefore somewhat backward in that tract.

1. CONDITION OF CROPS.—The standing crops, *viz.*, paddy, ragi, sugarcane, jola, green gram, black gram, pepper, arecanut, coffee, coriander, cardamom, &c., are in good condition.
2. HARVEST.—The harvesting of chika-ragi in the Chikmagalur Taluk has commenced and the crop is *exceptionally good*.
3. SUPPLY OF FOOD GRAINS.—The supply of principal food grains in the several markets was good.
4. SUPPLY OF WATER.—The tanks and kattes have a good supply of water in all parts.
5. FODDER FOR CATTLE.—Good in all parts.
6. PRICES OF FOOD GRAINS.—

Grain.	*Present fortnight.*	*Past fortnight.*
Rice	7 to 12	7 to 12
Ragi	18 to 24	18 to 28
Gram	10 to 14	10 to 12

7. DEMAND FOR LABOR.—The raiyats are busily engaged in their fields. No demand for labor.
8. PUBLIC HEALTH.—Generally good. Cholera continued in the Hadiballi village, Chikmagalur Taluk.
9. GENERAL CONDITION OF THE DISTRICT.—Good.

READ:—

The following report on the condition of the Chitaldroog District, for the fortnight ending the 15th August 1892, received with docket No. 108—104, dated 20th idem, from the Deputy Commissioner of Chitaldroog:—

RAIN.—Prospects continue to be favorable. Rain has fallen during the fortnight in places where crops were withering and agricultural operations are proceeding actively.

2. The following table shows the quantity of rain-fall gauged at the Taluk Head Quarters of the District during the fortnight under report:—

Taluks.	Inches.	Cents.
Chitaldroog	...	34
Challakere	...	75
Hiriyur	...	...
Holalkere	...	40
Davangere	...	90
Jagalur	1	15
Molakalmuru	1	50
Hosdurga Range	...	...

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 27th August 1892.

STATE OF CROPS.—The standing dry crops consisting of ragi, cholam, avare, togari, green gram, black gram, yellu, chillies, castor-seed, navane and samé are generally in fair condition. The wet crops under tanks, wells and streams are also doing well. Ragi, horse-gram, paddy, sajje, samé, baraka, navane, chillies and cotton were sown during the fortnight under report. The crops harvested were Mungar cholam, gingelly, black gram and green gram, the out-turn being estimated at from 8 to 12 annas.

SUPPLY OF FOOD GRAINS.—There was a sufficient supply of food grains in all the Taluks of the District. Ragi and cholam where exported to various places in British Territory from the Taluks of Chitaldroog, Challakere, Jagalur, Holalkere and Davangere.

PRICES.—Prices of food grains have been almost stationary during the fortnight under report, as may be seen from the following comparative statement :—

Taluk.	Present fortnight. Seers per Rupee.			Past fortnight. Seers per Rupee.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
Chitaldroog	10	30	26	9½	30	26
Challakere	10½	29	25	10½	30	24
Davangere	10	32	28	9½	22	18
Holalkere	9	33	24	8½	35	24
Hiriyur	8	24	22	8½	26	23
Jagalur	9½	27	23	9½	28	22
Molakalmuru	8	23	19	8½	22	18
Hosdurga	9½	30	24	9	30	24

The markets were well supplied throughout the District.

SUPPLY OF FODDER AND WATER.—The supply of water is sufficient both for men and cattle throughout the District. Pasture is improving, although in parts where rain-fall was scanty the growth of grass was somewhat obstructed. Dry fodder is still scarce in parts of Hiriyur, Challakere, Molakalmuru, Davangere and Jagalur.

DEMAND FOR LABOR.—There was no demand for labor anywhere in the District, during the fortnight under report. The labouring classes find sufficient employment in the fields as well as on Irrigation wells and Sagavali Kattes which are in progress.

GENERAL CONDITION OF THE DISTRICT.—The condition of the people in the District is good. Cattle are improving in condition.

PETITIONS.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PETITION No. 1452 OF 1890-91.

Appellants.

1. Nadiga Gopalappa.
2. Raghavendrachari.
3. Maddappa.

Dasarhalli, Honnali Taluk, represented by Mr. Advocate K. T. Narasimmaiengar.

Decision, dated 4th August 1892.

No. 2801—P. F. 131, DATED 17TH AUGUST 1892.

The 1st Appellant is the Shanbhog of Chatnahalli in the Honnali Taluk, Shimoga District, the 2nd is his Gumasta appointed with the recognition of Government, and the 3rd the Patel of the village.

2. About January 1891 certain Khata and Khirdi accounts of the village relating to 1881-82 to 1886-87 were lent to the 2nd Appellant for reference and he returned them in April 1891. When they were returned, the Record-keeper noticed some new entries in the accounts and brought the same to the notice of the Amildar. The new entries consist of the insertion of the 1st Appellant's name as *raiyatdar* or manager of certain lands which stood in the names of other individuals and in regard to which the claim of the 1st Appellant was then pending enquiry. Most of the entries were in different ink from the rest of the entries in the accounts, and the others, though not in different ink, looked as if they had been newly made. The new entries were partly in the handwriting of the 1st Appellant and partly in the handwriting of the 2nd Appellant. The 1st and 2nd Appellants denied having made these entries when the accounts were lent to them in 1891, but stated that they were made when the accounts were originally prepared. They accounted for the difference of ink by saying that the entries were probably omissions supplied when they were examined. The Deputy Commissioner, believing that the entries were made when the accounts were lent to them, fined the 1st Appellant Rs. 20, and removed the 2nd Appellant. He also imposed a fine of Rs. 5 on the 3rd Appellant, because, according to his own admission, he did not credit the assessment paid by the Khatedars in the accounts, but paid it over to the Shanbhog, and received it back from him as if he had paid it. The appeal is against this order of the Deputy Commissioner.

3. The Appellants' contention is, that the entries were not newly made, and, in support of their contention, they point out a similar entry in the account of 1880-81 which was not lent to the Appellants. Even the entry in this account looks suspicious, and it is possible, the Appellants managed to make it also. Though there is no evidence to show that the accounts did not contain these entries when they were lent to the 2nd Appellant, still there is every ground to suppose that the Appellants meddled with them. The entries were unusual, were in different ink, were favorable to the 1st Appellant, there was a claim pending in regard to these very lands, and they attracted the attention of the Record-keeper immediately after they were returned. Under these circumstances, the Deputy Commissioner was rather lenient in having let off the 1st Appellant with a fine, and the Government see no reason whatever to modify his order. The Patel has, according to his own admission, acted improperly and well deserved the fine.

4. The appeal is dismissed.

5. The system of lending Taluk records to Shanbhogs of villages for such long periods is highly improper. When a Shanbhog desires to refer to any record in a Taluk, he should only be allowed to do so in the presence of some Taluk officer, and orders should be issued for this being done in future.

By Order,

Chief Secretary.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PETITION No. 1116 of 1890-91.

Appellant.	*Vs.*	*Respondent.*
Venkatramabhatta of Chittanahalli, Gubbi Taluk, Tumkur District.		Kuppaiya.

Appellant's father purchased a piece of land (29×52 yards) from one Rangadhamaiya in 1872, and held it on kandayam (7 pies). It was treated as kharab and included in the village site by the Survey Department in 1882-83. The land, however, continued to be in his possession, but, on the application of some party, the land was sold by the Amildar in a public auction in September 1889, and Respondent purchased it for Rs. 25. Appellant claimed the land, but the Deputy Commissioner rejected it, on the ground that the land having been once struck off the Appellant's patta, he could have no right to it. The appeal is against this order.

2. *Decision.*—In exactly a similar case in this very village, the Government decided that the claim of the old occupant should be respected. They accordingly direct in this case also, that Rs. 12 the value of the land be levied from the Appellant and the land made over to him. The sum of Rs. 25 levied from Kuppaiya who has not yet built upon the land, should be refunded to him *plus* Rs. 9 for interest, from the sum of Rs. 12 levied from the Appellant. The Appellant has agreed to pay Rs. 12.

Appellant.

Akkannagauda of Hirikere, Molakalmuru Taluk, Chitaldroog District.

Petitioner who was Patel of the village received, on 24th December 1890, Rs. 5—4—0 from one Ajjakka on account of Government assessment, but failed to credit it in the accounts till after there was a complaint about it, that is, 1st February 1891. This fact having been clearly proved, the Deputy Commissioner dismissed him from his office. The appeal is against this order.

2. ***Decision.***—The appellant has adduced no ground for altering the decision of the Deputy Commissioner. The appeal is therefore dismissed.

APPEAL No. 89 of 1891.

Appellant.	*Vs.*	*Respondent.*
Siddegauda, Hakdar Patel of Mangalvarpet Village, Channapatna Sub-Taluk, represented by Mr. Venkataramaiya.		Putta Mastigauda, represented by Mr. Krishnamurti.

In the register of 1868, Appellant's father is entered as Patel of the village of Mangalvarpet. He is stated in it to have been appointed in 1866 and to have been the Hakdar. Prior to 1875, an order was issued that Appellant's uncle Kadpurigauda should have charge of the chief village and 4 hamlets and that Appellant's father should have 5* hamlets. In 1875 the Amildar reported that Kadpurigauda alone was performing the duties of all the villages but inefficiently and recommended that Kuncheganda, Respondent's father, should have 5* villages and Appellant's father 5 villages as particularised in the margin. This was temporarily sanctioned. Kuncheganda did duties accordingly and, on his death, Respondent was appointed in his place in December 1890. Petitioner complained against the appointment, but the Deputy Commissioner rejected his claim, on the ground that this was not hereditary office, that Appellant's father was appointed for the first time in 1866, and that he did not discharge his duties satisfactorily.

7.	Chikkana Doddi	
8.	Kutar Doddi	
9.	Anjari Doddi	
10.	Kallukote Naikan Doddi	

2. Appellant's father died in about 1881.

3. The Pateli of 5 villages in charge of Appellant's father in 1875 is now held by his brother (Appellant's uncle) in regard to which there is no complaint.

4. Appellant was a minor of about 7 or 8 years in 1875 when Respondent's father was appointed, he being now only 22 years old; and he claimed the office so long ago as June 1888, and within 3 years after attaining majority.

5. The Government consider that the ground on which Petitioner's claim was rejected is not correct. The register of 1868 shows that Appellant was Hakdar and there is nothing to show that the appointment was newly created in 1866.

6. ***Decision.***—Under these circumstances the Government direct that the office of Patel of the 5 villages under notice be given to the Appellant.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 169 of 1891-92.

Appellant ... Gurrayachari, Jodidar of Anepur, Malur Taluk, Kolar District.

The boundary dispute between Appellant's village and the Government village Karyangatta was settled by the Assistant Survey Superintendent Mr. Appu Rao in 1885, and boundary marks were fixed. No appeal was made against the settlement. In 1889, Appellant complained that a Classer removed a certain boundary stone, which altered his boundaries, but the Superintendent of Revenue Survey, after making enquiry through Mr. Narayana Rao, found that the stone removed was a superfluous stone and that it in no way altered the settlement made in 1885, and accordingly rejected the complaint. The appeal is against this order of the Survey Superintendent dismissing his complaint.

2. At the hearing, both Mr. Appu Rao who originally settled the boundary, and Mr. Narayana Rao who reported to the Superintendent of Revenue Survey that the stone removed was a superfluous one, were present. Both from their statements and the original plan of the village prepared by Mr. Appu Rao, which corresponds with the plan of the village without the superfluous stone said to have been removed, the boundary settled in 1885, does not appear to have been in any way altered. The Appellant's Advocate is unable to say whether his complaint is to the boundary fixed in 1885 or to its having been altered since. In either case the complaint is untenable, because no appeal was made against the settlement of 1885, and there is no proof whatever that the boundary fixed in 1885 has been since altered. But, as neither Mr. Appu Rao nor Mr. Narayana Rao appear to have personally examined the locality and satisfied themselves that the existing boundary is the same as that settled in 1885, the Superintendent of Revenue Survey will be requested to depute Mr. Appu Rao to the spot, and make him see that the existing boundary is the same as that settled in 1885.

APPEAL NO. 152 OF 1891-92.

Appellant ... Seshanna of Somanahalli, Gundlupet Taluk, Mysore District.

Appellant had certain land in his Khate assessed at Rs. 6—7—8. During the recent survey, a portion of the land (1½ acre) was treated as kharab, as it was required for a pathway for people to go to the 2 wells situated in the land and to other villages, and for cattle to pass through to the bed of the tank for grazing. No compensation was paid to the Appellant.

2. The Appellant complained to the Deputy Commissioner against the treatment of the land as kharab, but he rejected the complaint on the ground that the land was required for pathway and cattle.

3. *Decision.*—The Government consider that the Survey Department were not justified in treating as kharab more land than has been actually used as pathway or in striking it off the Khatedar's Patta. The land actually used as

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

pathway should have been treated as Phut kharab and retained in the Khatedar's Patta. The Appellant, however, is willing to allow a pathway of 11 yards wide and to have its area and that of the land occupied by the wells struck off his Patta. This is sufficient and the Government direct that the same be treated as kharab and the rest be made over to the Appellant. The Deputy Commissioner will be directed to place himself in communication with the Survey Department and see that the above order is carried out. The road is stated to be about 1 furlong or 220 yards long. This, with a width of 11 yards, is equal only to $\frac{1}{2}$ an acre.

Appellants.		*Respondent.*
Papanna, Muniramanna, Buddappa of Marenhalli, Bangalore Taluk, represented by Mr. Advocate Ramaswami Chetti.	*Vs.*	Munisami Raju, represented by Pleader Gangadharaiya.

A certain land belonging to one Kaveramma was sold for arrears of revenue on 12th June 1891 and the respondent purchased it for Rs. 235. The sale was clearly illegal as the sale proclamation was published on 20th May 1891, or within 30 days prior to the sale. The Khatedar has not complained against the sale. The appellants, who are the tenants of the land, complained, but the Deputy Commissioner dismissed their complaint on the ground that there was no irregularity in the sale and confirmed it. He failed to notice that the sale took place within 30 days from the publication of the proclamation.

2. The appeal is against the order of the Deputy Commissioner, confirming the sale.

3. *Decision.*—The sale being clearly illegal, the only point requiring consideration is whether it could be cancelled at the instance of the tenants. The Government are of opinion that it must be cancelled. The object of allowing a period of 30 days from the publication of the sale proclamation is not only to protect the interests of the Khatedar, by giving ample time to purchasers to come forward, but also to give time to all those that are interested in the land to pay the arrears and save the land from sale. Tenants have certainly an interest in the land and have a right to pay the assessment and prevent the sale. The Government therefore resolve to cancel the sale. A fresh notice should be issued, and the land resold if the arrears are not paid in time.

APPEAL No. 179 OF 1891.

Appellant. .. Rangamma of Hadinarugrama, Nanjangud Taluk, Mysore District.

Decision, dated 20th August 1892.

The Inam noted in the margin of the Pagoda of Channigarayaswami was ordered to be resumed by the Inam Commissioner, as the Inam was found to be invalid. Accordingly in 1881-82, the Inam was fully assessed and a Patta was issued to the husband of the Petitioner who was the Pujari of the Pagoda, his brother-in-law having on his behalf, agreed to keep the Pagoda in repair and carry on the worship. In January 1890, the Petitioner's husband sold the land to her. In 1891 the villagers complained that the Peritioner's husband was not doing the Puja, and requested that the land might be made over to them. Upon this, the Amildar placed the produce under attachment. Appellant appealed. After a long correspondence, the Deputy Commissioner finally decided in October 1891 that the produce should continue under attachment, that the Appellant's husband was merely a trustee to the Pagoda, and that he had no right to alienate the land in favor of his wife. The appeal is against this order.

2. The records do not show that Appellant's husband agreed to any conditions upon which the Patta land was to be held. His brother-in-law agreed on his behalf, and it is not in evidence whether he had proper authority to give the consent he gave. Whatever may be the conditions upon which the Patta was issued, there is no law under which the Deputy Commissioner can summarily place the produce under attachment. A Patta land or its produce can only be attached for arrears of Revenue, and there is no plea of none-payment of assessment in this case. The produce must be released from attachment. Any one interested in the Pagoda may bring a suit in a Civil Court of competent jurisdiction for the proper appropriation of the produce for the benefit of the Pagoda.

APPEAL No. 72 OF 1891.

Appellant.	*Vs.*	*Respondent.*
Nanjanna of Chunchanguppe, Magadi Taluk, Bangalore District.		Puttiramma.

Decision, dated 20th August 1892.

Respondent, on the death of her husband, who held certain patta lands, requested the Amildar in September 1890, by a petition presented before him in

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

person, that her husband brought up his brother's son, the Appellant, as his son, and wanted to execute a document, making him the heir of all his property, but having died before he executed a document, she has executed a document in favor of the Appellant according to her husband's orders, that he has performed the funerals of her husband and that the lands may therefore be transferred in his name. The Amildar Mr. Gopalaiengar remarked that the petition was presented in person and ordered the transfer on the same date. The transfer was accordingly made and patta was issued in the name of the Appellant.

2. Respondent presented a petition to the Deputy Commissioner on 28th March 1891, stating that she never presented any petition, requesting the transfer of the lands in the name of the Appellant and an entry being made in the Register accordingly.

3. The Sub-Division Officer issued an order, on 28th April 1891, directing the Amildar to send for the Respondent, take a deposition from her, and if she denies the transfer, to retransfer the registry in her name. On this, the Amildar reported, on 31st April 1891, that the Respondent presented the petition in person and asked whether any further deposition was necessary. The Sub-Division Officer directed his first order to be carried out. The Amildar accordingly took a deposition from the Respondent, and she having denied the transfer, he re-transferred the registry in the name of the Respondent. Appellant appealed to the Deputy Commissioner who dismissed the appeal.

4. Appellant contends that the Respondent voluntarily transferred the patta and in proof of it, produces an unregistered stamp document, dated 23rd July 1890, executed by Respondent transferring the lands to him. The person who wrote the petition of transfer states that he did write the petition at the request of the Respondent and the Amildar states that it was presented by the Respondent in person.

5. Under these circumstances, the Government have no doubt that the petition praying for transfer was presented by the Respondent in person, and the only question for consideration is whether the Respondent's withdrawal of her consent once given is sufficient to justify the re-transfer of the patta in her name.

6. The Government are of opinion that if a person transferring his patta withdraws his consent to the transfer before the issue of the patta, such withdrawal may be accepted and acted upon, but if the withdrawal is made after the issue of the patta, it should not be accepted. In this case the transfer was withdrawn nearly six months after the issue of the patta, and the statement of the Respondent that she did not make the transfer at all is unworthy of credence. It is true that the transfer razinama was not attested by witnesses as required by the rules, but this informality is not serious, as the Amildar himself certified that it was presented in person. The Government therefore cancel the order of the Deputy Commissioner and direct that the patta be issued in the name of the Appellant. The parties will be made to understand that this order will, in no way, affect the present possession of the land, nor will it be a bar to the Respondent, if she considers herself aggrieved by this action of Government, to establish her right, if any, in a Civil Court.

APPEAL No. 39 OF 1891.

Appellants.	*Vs.*	*Respondent.*
1. Eraboyi.		Boregauda.
2. Annaiyaboyi of Waddar Palya, Kunigal Taluk.		

In the Register of 1842,

1. Hanumanta.
2. Kurudadasa.
3. Wuligaudana Timma

are entered as Patels of the village and the Respondent's father and 2 others are entered as the renters of the village.

In 1864,

1. Timmaboyi.
2. Kurudadasa.
3. Wuligauda

are entered as hakdars and registerdars, with a remark that No. 1 is the son of No. 1 in 1842, that the 2nd died leaving a son named Doddahamuma, and that No. 3 also died, leaving a son named Erahanuma, that the office was being held by the Respondent's father, that the parties, that is, the hakdars and Respondent agreed to allow the Respondent to be appointed as Patel, he (Respondent) having agreed to pay half the remuneration to the hakdars, and that therefore the Respondent has been appointed according to the agreement presented by the parties. There is a further remark that on the death of Respondent, the office should go to Virahanumaraya, the grandson of Kurudadasa above named. The mutchalika filed by the parties is in the records.

2. From the statements of the Appellants who are brothers, they seem to be the grandsons of Timmaboyi entered in the Register of 1864. They claimed the office by a Miscellaneous Petition, on the ground that the Respondent refused to pay them as agreed to, but Deputy Commissioner rejected their claim on the ground that Respondent had long possession. The appeal is against this order.

3. Respondent denies the right of the Appellants, and denies all knowledge of the agreement in 1864.

4. There is no reason whatever to doubt the agreement of 1864, and the only question is whether the case may be disposed of on a Miscellaneous Petition, or whether the Appellants should be told to bring a suit. The record is defective and there is no evidence as to the alleged relationship of the Appellants to the persons entered in the Registers of 1842 and 1864. There is also no evidence as to how long the Respondent paid any remuneration to the Appellants according to the agreement of 1864 and when it ceased to be paid and on what grounds.

5. *Decision.*—Under these circumstances the Government consider that if the Appellants want to establish their claim to the office, they must bring a regular suit. This appeal is dismissed.

PETITION No. 2608 OF 1891-92.

Appellant .. Basanna of Saggere, Koratagere Sub-Taluk, Tumkur District

Petitioner, who was Shanbhog, applied for 12 days' leave in November 1887, and absented himself before any orders were issued. He again applied for extension in December 1887 and no orders were passed thereon. In May 1888, the Deputy Commissioner dismissed him, on the ground that the Appellant had apparently no liking for the work. In 1888, Appellant applied to be reinstated, and the Assistant Commissioner recommended his restoration, but the Deputy Commissioner declined to modify his predecessor's order. The appeal is against this order.

2. *Decision.*—As the Appellant was not dismissed for any grave offence, the Government are pleased to direct his restoration to the office. The present acting man has stated that he has no objection to the Appellant being restored to office.

No. 3336—P. F. 145, DATED, 30TH AUGUST 1892.

MUZARAYI.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 9th August 1892.

MUZARAYI.

No. 492-500—22, DATED BANGALORE, 9TH AUGUST 1892.

ORDER.—As applications are being received from private gentlemen for the deposit of moneys in Government Treasuries on favorable rates of interest with a view of securing a permanent income for the charities, which they have already established or contemplate establishing within the Province, the Government of His Highness the Maharaja are pleased to issue the following rules on the subject:—

I. No deposit will be accepted for sums below Rs. 3,000 or above Rs. 1,00,000.

II. The rate of interest for such deposits shall in no case exceed 5 per cent per annum and shall be payable half-yearly.

III. Deposits will be received only on behalf of Benevolent, Charitable or Educational Institutions or objects, Government reserving to itself the right to determine, in each case, whether the charity on behalf of which application is made, is of a character that deserved encouragement.

IV. The person wishing to make a deposit under these rules shall execute a document to the Government binding his heirs, executors, administrators or assigns not to demand at any time the whole or any portion of the principal of the sum deposited, provided that it shall be lawful for the depositor, his heirs, executors, administrators or assigns, with the consent of Government, to withdraw the money and invest it otherwise for the benefit of the charity.

V. The Government are at liberty at any time to terminate the system of receiving deposits as above for charitable purposes.

A. SREENIVASACHARLU,
Secretary.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 26th August 1892.

Camp No. 3.

OFFICE OF THE DEWAN OF MYSORE,

MUZARAYI DEPARTMENT.

Dated (Camp) Melkote, 26th August 1892.

From

The Muzarayi Superintendent
and Ex-Officio Secretary to the
Dewan of Mysore.

To

The Deputy Commissioner,
Bangalore District.

SIR,

With reference to your letter No. D 175, dated 18th instant, enquiring whether the correspondence with me as Muzarayi Superintendent, may be conducted in English, I have the honor to invite your attention to the orders contained in para 3 of the late Chief Commissioner's Proceedings No. 6574—Rev. 27, dated 5th October 1876 *which are still in force* directing that "the Deputy Commissioners may communicate direct with the Secretary by Kanarese Rubkaris in all matters of routine, the more important correspondence relating to Chattrams and Devastanams being submitted through the Division Commissioners", and to state that in the spirit of the said Proceedings it will be advisable to continue the same practice, especially feeing that subjects such as rituals, internal economy of the Temples, &c., often form subjects of communications and they are conveniently dealt with in the Kanarese sanguage.

2. In my executive capacity as Muzarayi Superintendent, I send sometimes my Memos and Rubkaris in Kanarese to the Muzarayi Assistant Commissioner or to the Sub-Division Officer direct to obviate delay, and his reply passes through the Deputy Commissioner so as to give him as the Head of the District, information as regards the nature of the correspondence.

3. Communications on important subjects requiring orders of Government will, as usual, be addressed to me as Muzarayi Secretary in English.

I have the honor to be,

Sir,

Your most obedient Servant,

A. SREENIVASACHARLU,

Muzarayi Superintendent and Ex-Officio Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Education),—dated 19th August 1892.

READ :—

Report of the Curator, Government Oriental Library, Mysore, for the year 1891-92, dated 26th April 1892.

C. No. 95-105, DATED 19TH AUGUST 1892.

ORDER REVIEWING THE REPORT.—The Oriental Library was established by Government with a view to form an exhaustive collection of all important works extant in the Sanskrit and Kannada languages. To facilitate the attainment of this object and to rescue from oblivion valuable unpublished manuscripts in the possession of Mutts and private individuals in the Province, a Curator of the Oriental Library and a travelling Pandit were appointed to search for manuscripts and a suitable establishment was organized with Mysore as its Head-quarters. Arrangements were also made for the printing of Sanskrit and other works in connection with the Oriental Library at the Government Branch Press, Mysore. Mr. A. Mahadeva Sastri, B. A., was appointed Curator. Government is glad to learn from the interesting report that during the short time that has elapsed since the Curator entered on his duties, much energy has been displayed and substantial progress made towards the attainment of the above objects.

2. *The Library.*—Towards the close of the year 1891-92, the Library contained 924 volumes of printed and 124 of manuscript works which are classified as follows :—

Class.	Subject.	Number of Volumes of printed works.	Number of manuscripts.
I	Sanskrit.—Vedic Literature	102	23

The printed works comprise the best standard works published on each subject. The Sanskrit collection includes the more important publications of the Bibliothica Indica, all the volumes of the sacred books of the East and almost all the volumes

of Trübner's Oriental Series. From the allotment of Rs. 2,000 sanctioned for the purchase of books and manuscripts, Rs. 1,210 were spent on the purchase of printed works in Sanskrit, Rs. 275 on Sanskrit manuscripts, Rs 242-8-0 on the purchase of Kannada manuscripts and the balance of Rs. 273—3—0 on the purchase of a stock of Devanagari type for the printing work of the Library. Government attaches great importance to the possession of a sufficient stock of Devanagari type as the Devanagari character is universally used out of India as well as in Northern and Western India for the transcription of Sanskrit works, and must sooner or later displace its local substitutes in Southern India. Government will therefore be prepared to consider favorably any proposals of the Curator to increase the usefulness and efficiency of the printing establishment placed at the disposal of the Curator. Due provision will also be made for the purchase of printed works for the Library so as to make it as exhaustive a collection of published works in Sanskrit as possible.

3. *Search of Manuscripts.*—It is gratifying to learn that substantial progress has been made in the prosecution of this most important work, that so many as 50 manuscripts of rare works in Sanskrit and 11 of those in Kannada have been obtained, that Sanskrit manuscripts of rare and hitherto unpublished works were bought at such cheap rates as 2 or 3 Rs. per 1,000 granthas, that the Curator found several people ready to part with their manuscripts at a reasonable price, and that all this work has been accomplished within the very short period of 3 months devoted to it.

As regards Kannada manuscripts, the Curator states that his search would be greatly facilitated if he is furnished with a copy of the list of manuscripts already collected by Mr. Rice. Mr. Rice is accordingly requested to furnish the same forthwith to the Curator. The Kannada manuscripts are chiefly Puranas and Kavyas by Jain authors, and they might, if judged by the merits of the works already collected, be expected to be written in old Kannada, to possess considerable literary merit and to throw light on the sectarian controversies of a few centuries back.

4. *Preparation of the Catalogues of the Palace and Matt Libraries.*—The Curator reports that the preparation of a descriptive catalogue of the Palace Library was beset with considerable difficulties owing to the fact that the Library was closed during many hours of the day, owing to the absence of all system in the arrangement of the works and the illigible hand-writing of many of the manuscripts. The Palace Controller is requested to afford all possible facilities to the Curator in the matter of access to the Library, and it is to be hoped that, before many months are over, an exhaustive catalogue will have been prepared and published. It is disappointing to learn that there were few manuscripts of importance in the Melkote Library. Catalogues of this Library and of the one attached to the Jain Matt in Sravanabelgola have been prepared, and that of the Library attached to the Madhva Matt in Hole-Narsipur in which the Curator expects to find rare and valuable works is in course of preparation. Government is glad to learn that the various Matts visited afforded every facility in their power to the Curator and the Travelling Pandit. As regards private libraries, however, the case was different, and in some cases the prejudices of the owners could not be overcome under any circumstances. Government however considers that if during the peregrinations of the Travelling Pandit his efforts are seconded by the tact and good offices of some one who belongs to the locality and is acquainted with the local prejudices, these obstacles can be overcome. The Deputy Commissioners are therefore requested to instruct Amildars to place such assistance at the disposal of the Travelling Pandit.

5. *Publications of Rare works.*—Of the manuscripts which are being prepared for publication the following deserve special mention:—

1. Bhatta Bhaskara's Commentary on the Yajurveda.
2. Sudarasana's Commentary on the Apastambha Grihya sutras.

3. Mantra Prasna with Haradatta's Commentary.

4. Bhaskara's Commentary on Brahma Sutra.

5. Sayana's Commentary on the Aitareya Brahmana.

6. Madhava's Commentary on the Upanishads and Gita.

The commentary on the Yajurveda will form a valuable supplement to the one by Sayana; a commentary on Apastambha's Grihya Sutras must be an important and interesting work in Southern India where that sutra obtains almost universally; the Mantra Prasna and its commentary will be most useful as a handy vade mecum of the daily religious ceremonials of every Brahman house-hold in Southern India and of their meaning. Bhaskara's Commentary on the Brahma Sutras round which most of the sectarian controversies have raged, will prove a valuable addition to the existing commentaries: Sayana's Commentary on the Aitareya Brahmana must prove as valuable an addition to Vedic Literature as everything else from his pen, and Madhava's Commentary on the Upanishads is a necessary complement to the published commentaries of Sankara and Ramanuja and will prove of great interest, in some cases of absorbing interest to students of Hindu Philosophy as expounded by the various founders of sects. There is one other work which Government would like to see published as early as possible and that is the Grammar of Sakatayana, the great predecessor of Panini. It is the oldest Grammar in any human language and form a stage in the evolution of Sanskrit Grammar which reached its highest development in the Ashta-adhyayi, probably the greatest feat that a single grammarian ever achieved. Government however understands that Dr. Oppert of the Madras Presidency College has undertaken its publication, but should the Curator after communication with Dr. Oppert learn that there is no immediate prospect of its being brought out, he will undertake its publication in connection with the Mysore Library.

6. Finally Government has much pleasure in placing on record its appreciation of Mr. Mahadeva Sastri's services as Curator and anticipates even more satisfactory results during the year 1892-93 from the continued energy of that Officer and his subordinates.

				Railway to correct his plans and schedules o lands taken up for the Gubbi-Harihar exten sion.
103	3065 R. F. 33½-92	22nd	The Superintendent. Revenue Survey in Mysore.	Forwarding a copy of the above, with a request that he will report whether he could arrange for the correction in his Departmen of the Company's land plans and schedules above referred to.
104	3066 R. 484-92	Do	The Secretary, Mysore State Life Insurance Committee.	Recording his letter submitting for orders proposal No. 345 on the life of Mr. K. Srinivasa Rao, Assistant Superintendent, Mysore Revenue Survey, with reference to the remarks of the President of the Insurance Committee in regard to Colonel Rutherfurd's refusal to assign reasons for considering Mr. Srinivasa Rao's life eligible for insurance, with the remark that this is a case in which the official superior has considered the proposer's life eligible and in which, therefore, the question raised is not of practical importance.
105	3067 R. 485-92	Do	The Superintendent, Revenue Survey in Mysore.	Requesting with reference to the application of Mr. M. S. Narayan Rao, Assistant Commissioner, Revenue Survey, for permission to acquire certain lands in the Bangalore Taluk, that the particulars required in Government Proceedings No. 3728-35—Cir. 51, dated 29th May 1892, may be submitted with his opinion.
106	3068-69 R. F. 20-92	Do	The Deputy Commissioner of the Mysore District, and the Superintendent, Revenue Survey.	Sanctioning the appropriation for cultivation purposes, of a portion of gomal land (Survey No. 112) in the Pattanapura village in the Gundlupet Taluk.
107	3071 R. 488-92	Do	The Deputy Commissioner of the Shimoga District.	Returning his docket No. A, dated 14th August 1892, for his inspection, with the remark that it is written in bad handwriting in disregard of the very explicit orders contained in Official Memorandum No. 1108—1147, dated 16th April 1892, and that it is evident that the Head Clerk is incompetent or careless, whose service register should be submitted written up to date.
108	3077-78 R. F. 138-92	Do	The Deputy Commissioner of the Mysore District, and the Inspector General of Forests.	Directing that in Government Proceedings No. 3112-3—82, dated 21st May 1892, fixing terms for the grant of the bechirakh village of Makunpur in the Nanjangud Taluk to Naib Sheristadar Tammaiya, the words "subject

				to his paying ¼th, ½, ¾ths, or full amount of assessment at the survey rates" be substituted for the words "subject to his paying the survey rates of assessment."
109	3073-75 R. F. 38-92	23rd	The Deputy Commissioner of the Hassan District, the Survey Superintendent, and Mr. Brooke Mocket.	Confirming the Deputy Commissioner's action in making over to Mr. Brooke Mocket for coffee cultivation, 7 acres and 34 guntas of gomal land out of Survey No. 120 in the village of Tumbudevanahalli in the Belur Taluk, on the understanding that by excluding from the grant the pond and a strip of land around it (the above land), adequate provision has been made for local requirements for way and water; and observing that there has been gross carelessness in the proceedings reflecting discredit on the Taluk establishment.
110	3081 R. F. 139-92	Do	The Senior Surgeon and Sanitary Commissioner to the Mysore Government.	Stating that no remuneration for examining proposers for the Mysore State Life Insurance can be given to Medical Officers only, while similar work connected with State Life Insurance is being done by the Secretary and Members of the Life Insurance Committee without any extra payment for the same, and that moreover the work will hereafter be comparatively very light.
111	3126-7 R. F. 20-92	Do	The Deputy Commissioner of the Mysore District, and the Superintendent, Revenue Survey.	Sanctioning the appropriation for cultivation purposes of a portion of gomal land (Survey No. 333) in the village of Kannagala of the Gundlupet Taluk, on the presumption that the Deputy Commissioner has satisfied himself that the remaining gomal land is sufficient and convenient for more than 100 head of cattle reported to be in the village.
112	3131 R. F. 77-92	Do	The Deputy Commissioner of the Bangalore District.	Recording his docket No. 162, dated 16th August 1892, stating that the sum of Rs. 17—8—9 referred to in Government Proceedings No. 1498—R. F. 77-92, dated 26th July 1892, sanctioning the writing off of the irrecoverable balances of mohatarfa tax in the Town of Channapatna, was due from certain individuals and that it was not included in the statement of irrecoverable balances submitted to Government, as steps were being taken for its recovery from the defaulters.
113	3141 R. F. 125-92	Do	The Comptroller in Mysore.	Recording his letter No. 254, dated 11th July 1892, reporting that all the Post Masters

				in the State have availed themselves of the permission granted to sell Mysore Revenue (one anna) receipt stamps.
114	3082-9 / R. 495-92	24th	The Deputy Commissioners of Districts.	Requesting them to submit at once a statement showing separately the demand under the various heads for 12 months from April 1891 to March 1892 and for 3 months from April to June 1892 to enable Government to compile the accounts necessary for the Dasara Address.
115	3090 / R. 496-92	Do	The Comptroller in Mysore.	Requesting early submission of a statement showing separately the receipts under several heads for 12 months from April 1891 to March 1892 and for 3 months from April to June 1892, as it is urgently required for the compilation of accounts for the Dasara Address.
116	3091 / R. 497-92	Do	The Excise Commissioner in Mysore.	Requesting that a statement showing separately the demand under Excise for 12 months from April 1891 to March 1892 and for 3 months from April to June 1892, may be submitted very early, as it is required for the compilation of accounts for the Dasara Address.
117	3130 / R. F. 38-92	Do	The Deputy Commissioner of the Hassan District.	Stating with reference to his recommendation for the grant of a portion of gomal land (Survey No. 43) in the Palya village of the Hassan Taluk, that no reason is assigned for not building houses on the 9 acres of gomal land out of Survey No. 70 sanctioned for the extension of the Palya village, that the construction of such isolated houses as those now proposed should not be allowed and that the present application may be disposed of under Section 63 of the Land Revenue Code under which the applicants may build houses on the lands in their own occupation.
118	3143-4 / R. F. 127-92	Do	The Deputy Commissioner of the Kolar District, and the Comptroller.	Sanctioning a bill for Rs. 59 on account of certain furniture purchased by the Sub-Division Officer, Chikballapur, for the use of his office, with the remark that the purchase of expensive or luxurious furniture for office use at public expense should in future be avoided.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
119	3191-2½ R. F. 137-92	29th	The Comptroller to the Government of Mysore, the Palace Controller, and the Secretary to the Government of Mysore, Muzarayi Department.	Forwarding to the Comptroller to the Government of Mysore, for necessary adjustment of past expenditure, and due provision in the Military and Muzarayi Budgets for the year 1892-93, the schedules received from the Palace Controller showing the cost of the Palace Barr and other establishments which is Rs. 69,090 per annum or Rs. 1,250 more than what was referred to in Proceedings C. No. 194—96, dated 21st July 1891, and also the expenditure under the head "Religious and Charitable Endowments" which is Rs. 20,520 or Rs. 60 more than what was referred to in the above Proceedings.
120	3264 R. F. 148-92	Do	The Officer in charge of the Amrut Mahal Department.	Stating in reply to his letter recommending the grant without sale of the Changavikere Kaval in the Gubbi Taluk to Regimentdar Rama Rao Ramanavare for kandayam in consideration of his long and meritorious services, that Government are unable to make an exception in favor of the Regimentdar by waiving a sale in the ordinary course and deem it would make an inconvenient precedent so to do and that it is obviously undesirable to resort to exceptional treatment as regards the granting of Government lands for occupation as a means of rewarding meritorious service.
121	3276 R. 514-92	Do	The Deputy Commissioner of the Mysore District.	Forwarding copy of a letter from the 1st Assistant to the Resident, requesting early payment of the sum of Rs. 838—6—1, being the balance out of the sale proceeds of certain lands lying outside the Railway fence in the Seringapatam and Mandya Taluks, with a request that he will credit the amount and adjust the account without further delay as directed in Government Proceedings No. 4830-1—134, dated 9th June 1892.
122	3277 R. 515-92	30th	The Secretary to the Government of Mysore for Railways.	Returning his note, dated 4th September 1891, on Capital Finance Accounts of the Mysore State Railway for the year 1890-91, soliciting instructions for the writing off of certain amounts, &c.
123	3318-9 R. F. 38-92	Do	The Deputy Commissioner of the Hassan District, and the Superintendent, Mysore Revenue Survey.	Sanctioning the appropriation for cultivation purposes of gomal land (Survey No. 43) in the Melehalli village of the Channarayapatna Taluk.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
124	3327 R. 519-92	30th	The Deputy Commissioner of the Tumkur District.	Returning a refund bill for Rs. 6, being the amount of purchase money paid by one Bairanna of Hosahalli in the Tumkur Taluk, for a certain land in the said village, for resubmission with the Treasury Officer's credit certificate.
125	3328 R. F. 75-92	Do	The Deputy Commissioner of the Mysore District.	Requesting him to report the proportionate assessment on the land alienated for the extension of the village site of Gargesvari in the Tirumakudlu-Narsipur Taluk, which, it is reported, measures 16 guntas instead of 13 guntas and 47 yards.
126	3329 R. F. 2-92	Do	The Deputy Commissioner of the Tumkur District.	Stating that his reason for delaying the submission of the statement of cotton cultivation and trade for 1891-92 is unsatisfactory and that the necessary information should be obtained from the Amildars concerned and the statement submitted without further delay.
127	3330 R. 516-92	Do	The Excise Commissioner in Mysore.	Requesting that the 3 Peons who were thrown out of employ in the Distillery and who are willing to accept Rs. 5 per mensem may be directed to appear before the Under-Secretary.
128	3339 R. 526-92	Do	The Superintendent, Government Botanical Gardens.	Directing that in future a contingent allotment statement in the prescribed form should be submitted along with the detailed contingent bills and that a similar statement for the month of July 1892 should also be submitted.
129	3340-1 R. F. 38-92	Do	The Deputy Commissioner of the Hassan District, and the Superintendent, Mysore Revenue Survey.	Sanctioning the appropriation for cultivation purposes of a portion of gomal land (Survey No. 45) in the Heddurga village of the Hassan Taluk.
130	3342-3 R. F. 38-92	Do	Do do	Sanctioning the appropriation for coffee cultivation, of a portion of gomal land (Survey No. 76) in the Huskur village of the Manjarabad Taluk.
131	3344 R. F. 2-92	Do	The Deputy Commissioner of the Bangalore District.	Recording his letter stating that the submission of the annual reports is delayed on account of the non-receipt of important accounts from certain Amildars.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
132	3345-6 R. F. 21-92	30th	The Deputy Commissioner of the Bangalore District, and the Superintendent, Mysore Revenue Survey.	Sanctioning the appropriation for dry cultivation of gomal land (Survey No. 25) in the village of Segaballi in the Bangalore Taluk, with the remark that as the land is situated near Bangalore, it may be disposed of by public auction.
133	3347 R. 531-92	Do	The Deputy Commissioner of the Bangalore District.	Stating that under Rule X of the Land Revenue Rules, he is competent to dispose of kharab unassessed land for the purposes therein mentioned and that accordingly he may dispose of the application for kharab Survey No. 61 in the village of Bommanahalli, Bangalore Taluk.
134	3349-50 R. F. 139-92	Do	The Superintendent, Revenue Survey, and the Comptroller.	Sanctioning the purchase at a cost of Rs. 1—2—0 of three dozen laces for files in the Record Office of the Survey Department.
135	3353-4 R. 536-92	Do	The Superintendent, Revenue Survey, and the Deputy Commissioner of the Mysore District.	Stating that there is no occasion for applying the coffee tenure to land which is not situated in the coffee tracts of the country and that therefore the lands granted to Mr. Sanderson in the Chamrajnagar Taluk should be assessed at ordinary Survey rates with effect from the date of occupation.
136	3492 R. 550-92	Do	The Deputy Commissioner of the Chitaldroog District.	Requesting him to report the number and date of the Government order sanctioning the remission of Re. 0—1—6 shown in the demand, collection and balance statement for January 1892, and observing that it is unsatisfactory that this omission should have been made, notwithstanding that the foot note requires that the information should be entered in the statement.
137	3322-3 R. F. 25-92	31st	The Deputy Commissioner of the Kadur District, and the Superintendent, Revenue Survey.	Sanctioning the appropriation of certain lands in the Kolur and Hosahalli villages of the Mudgere Taluk for opening a road from Mudgere-Mangalore High Road to Hosahalli.
138	3324-5 R. F. 43-92	Do	The Deputy Commissioner of the Hassan District, and the Superintendent, Revenue Survey.	Stating that the 3 acres of land said to be remaining unappropriated out of Survey No. 1 sanctioned for building purposes in the village of Hosahalli, Hassan Taluk, may be re-assessed and given out for cultivation.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.

140	3399 R. F. 1-92	Do	The Deputy Commissioner of the Kadur District.	Returning the detailed contingent bill of the offices of the Deputy Commissioner and Assistant Commissioner for the month of June 1892; and calling for authority for the purchase of a box for the use of the Judicial Department at a cost of Rs. 5.
141	3402 R. F. 37-92	Do	The Deputy Commissioner of the Mysore District.	Returning the detailed contingent bill of the offices of the Deputy Commissioner and Assistant Commissioners for the month of May 1892; and requesting explanation of the circumstances under which certain articles of stationery usually supplied from the Stationery Depôt were purchased.
142	3403 R. 543-92	Do	The Excise Commissioner in Mysore.	Forwarding the demand, collection and balance statements No. 6 and 6 A, (Abkari Revenue and local cess thereon) for April 1892 received from the Kolar District.
143	3404 R. F. 38-92	Do	The Deputy Commissioner of the Hassan District.	Enquiring whether land for dry cultivation cannot be granted from the large extent of assessed unoccupied land available in the village of Nandigaudanahalli, Belur Taluk, instead of from gomal land (Survey No. 16) of the same village.
144	3396-7 R. F. 75-92	Do	The Deputy Commissioner of the Mysore District, and the Superintendent, Revenue Survey.	Sanctioning the appropriation for building purposes of a portion of Survey No. 231 in the village of Padagur, Gundlupet Taluk, the proportionate assessment thereon, *viz.*, Rs. 2—8—0, being written off the accounts.
145	3407-15 R. 539-92	Do	The Comptroller, and the Deputy Commissioners of Districts.	Stating that the present practice of exhibiting all collections on account of interest on arrears of Revenue, Loans, &c., under the major head "Interest" in the Provincial accounts, may be continued in accordance with the provisions of the Civil Account Code.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
146	3264½ R. F. 148-92	29th	The Deputy Commissioner of the Tumkur District.	Forwarding copy of an endorsement given to Regimentdar Mr. Rama Rao Rananavare informing him that the 50 acres of land out of Survey No. 2 under the Chengavi tank, Gubbi Taluk, have been granted to one Madar Sab for cultivation on eksál tenure for one year and that it will be sold as other lands after the crop is harvested, together with petition from Timmegauda of Settigere with the remark that the grant of the land to Madar Sab for eksál cultivation, especially when many others were willing to take it up and had a better claim, is most unsatisfactory; and directing that this land as well as the remainder available be sold by public auction before a high Revenue Officer.

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 31st August 1892.
